CHS Vocational School Okayed By Board

An area vocational school will be built on the Canyon High School campus based on action taken Tuesday night by school board members.

The school board voted to begin plans for construction of a vocational school which will be funded by state and local sources.

Total cost of the project is expected to be \$502,000 with the state paying 53 per cent of the cost or \$266,060 and the local school district paying 47 per cent or \$235,940.

Supt. Jerry Jacobs made application for the area vocational school last year.

He was instructed to contact the Texas Education Agency, the entity which will review plans for

the school and okay funding, for further information concerning type of construction required.

Discussion Tuesday night centered around the question of how the new vocational school will be financed.

Jacobs outlined several proposals and board members expressed hopes that taxes would not have to be hiked to finance the project.

Contract on the new school must be awarded by Aug. 29.

Jacobs said board members might use surplus funds from 1972 and a projected surplus of \$45,000 from the coming year's budget to finance the project.

The board could also issue \$60,000 in time warrants to be paid over a 5-year period.

Likewise, five cents of the current \$1.70 tax rate, the five cents allocated last year for special projects, could be used to help finance the building.

Jacobs said he believes the Canyon board might not have another chance to build a vocational school utilizing partial state funding if they turned down the current proposal.

Board member Ed Wieck said it is his opinion school district residents would favor a hike in taxes rather than the floating of a bond issue to finance the building.

Roscoe Richardson suggested a tightening up on current tax values, affected by recent inflationary trends, might produce

extra revenue which could be used in the financing of the building.

Wieck concurred. "I'm thinking maybe if they're checking close we might get by without raising taxes," he said.

With the issue on how the school district will pay for the new building left up in the air, Jacobs said he feels \$500,000 will be adequate to finance construction.

Directing his questions to high school principal John Sommer, Board Member Dr. Dudley Moore asked, "Do you feel like this is a good thing? Do you feel like it's something that will not put an overemphasis on this?"

Sommer said predictions in-

Bill Trisciani, left, and Jerry Christian walked away with the trophies Tuesday night at the West Texas State University all-sports banquet. Trisciani is a football player and Christian is a basketball standout. See story, page 6.

House Marijuana Legislation Blasted On Resentencing Clause

A Texas House bill which would reduce the penalty for possession of less than one ounce of marijuana from a felony to a misdemeanor was sharply criticized this week by Randall County Dist. Atty. George Dowlen.

Even so, Dowlen said, the bill, if passed, will have little effect on the county.

The bill, passed Tuesday, makes possession of an ounce or less of marijuana a misdemeanor. Currently, possession of any amount of marijuana is a felony offense.

Dowlen favored the portion of the House bill which reduces the penalty for possession of less than an ounce of marijuana, but is sharply critical of another portion of the bill which calls for resentencing of all those who have been convicted of possession of marijuana.

This portion of the bill would, for all practical purposes, make the bill retroactive.

"To my knowledge this is the first time in Texas history that such a statute has been seriously proposed," he said. "Surely the

Senate or the governor will stop it. I couldn't believe they'd ever seriously propose such a thing."

The bill requires judges to sentence persons now in Texas prisons on possession charges.

The effect of the bill in Randall County would probably be to reduce all those convicted on possession charges to misdemeanor sentences. Dowlen said, since most of the evidence in the cases has been destroyed.

Dowlen said about a half dozen persons are now serving terms in Texas prisons who were con-

victed of possession in Randall County.

Dowlen favors the clause which makes the breaking point between a misdemeanor possession and a felony possession an ounce.

"Since you can make about 30 marijuana cigarettes out of an ounce of marijuana, I think anyone who has more than an ounce is doing more than merely experimenting with the drug," he said.

In this version, Dowlen said the House bill is more favorable than a Senate bill on the same subject.

The Senate bill now pending action, Dowlen said, says that if a person is found in possession of under two ounces of marijuana the penalty is seven days in jail and up to a \$500 fine. If between two and eight ounces of marijuana are found, the person is subject to another misdemeanor penalty. Possession of marijuana becomes a felony when more than eight ounces are found, he said of the Senate version.

Penalties related to the House bill would make misdemeanor possessors liable to serve a year in jail and pay \$1,000 fine. Felony possession would carry a penalty of from two to 10 years in prison.

Even if the House bill is approved and signed into law, Dowlen said, "it will have virtually no impact on our prosecu-

Another Petition From Happy Votes Confidence In Schools

A petition signed by 105 persons expressing confidence in the Happy school board, superintendent of schools and election officials was presented The News this week.

The petition is in response to a petition signed by a dozen Happy area residents which was turned over to the Swisher County attorney last week to contest the April school board elections.

Gov. Briscoe Due Today

Texas Gov. Dolph Briscoe will be featured speaker at a 7 p.m. banquet today of the Panhandle Plains Historical Society.

About 300 persons are expected to attend the affair, which culminates the society's annual meeting on the West Texas State University campus.

Briscoe is expected to arrive late in the afternoon today at Amarillo Air Terminal. He is to be transported to Canyon by car. Time permitting, he will tour the Panhandle Plains Historical Museum before going to the east dining hall on campus for the annual banquet.

Museum director Boone McClure said he has received no

(See BRISCOE, page 2)

The petition which contests the election alleged that a relative of one of the school board candidates counted votes, that the proper number of election officials were not appointed and that the election returns were not canvassed in a proper manner by the school board.

"Upon reading the articles of the petition published in The Canyon News May 3, 1973, and the comments of the dozen people who expressed fear for their children at the hands of school officials, we, the people of Happy, feel that great suspicion has been cast upon the integrity of Superintendent Sam Bryan, the school board and those holding the elections," the petition presented this week reads. "All of these citizens are of the highest character and there is nothing 'sloppy' in the way they conduct their affairs."

The petition was brought to The News office by three Happy women who said they feel the petition expresses "the feeling of the community."

Supporters of the petition which contests the election have told The News they did not want their names printed for fear of recriminations from school officials on their children.

In the petition presented this week, the petitioners express "our admiration and gratitude for the work of our school board

and our superintendent."

It reads, in part:

"Mr. Bryan came to us in 1955 and established a high academic standard for Happy schools. Under his administration, Happy students have achieved excellence in scholastics and sports. Happy has won the UIL district contest regularly and has produced many, many regional and state champions. Although Happy is a very small school, her graduates excel in any university they choose to enter. Her

WTSU Official Holds Figures In School Salary Comparison

A West Texas State University vice president refused Monday to give The Canyon News access to salary figures for the top administrative officers of the university.

"I'm not going to give you the individual figures," declared Virgil Henson, financial vice president. "You can sue me for them, I suppose, but I'm not giving them to you. It just causes trouble."

The News obtained the figures through the Legislative Reference Library in Austin.

The figures sought were for administrative salaries during the 1967-68 school year. They are detailed below in a comparison between faculty and administrative salaries and costs for 1967 and 1972.

Figures available in the office of Registrar Dr. Donald Cates indicate that student enrollment in WTSU totalled almost the same in 1967 as it did for the fall of 1972. Enrollment in 1967 totalled 6537. In 1972, enrollment totalled 6574.

The salary figures were sought

by The News to provide information particularly in light of the probability that several WTSU faculty members will be relieved due to budgetary requirements this spring, according to Managing Editor Carroll Wilson.

Comparisons revealed the following facts:

In 1967, WTSU's hierarchy consisted of President James Cornette, Academic Vice President Walter Juniper, Financial Vice President Virgil Henson, and Planning and Research Vice President Emmitt Smith.

In addition, the administration consisted of five deans, including a graduate dean, dean of student life, dean of the school of business, dean of education and teacher education and dean of arts and sciences.

Other administration and staff totalled 28 persons with 17 persons employed on the student life staff.

The faculty in 1967 totalled 197, according to the WTSU catalogue for that year.

In 1972, the university hired

PRPC Reviews New Hospital Needs, Promises Action During This Week

Officials of Neblett Memorial Hospital were told Tuesday night that approval by Panhandle Regional Planning Commission for construction of a new hospital can be expected within the next three or four days.

At a meeting held in Amarillo, no opposition was presented regarding the need for a new Canyon hospital, planned to be built on the east edge of the city.

One speaker questioned the PRPC panel regarding the hospital but her questions were said to be "out of the realm of the board's authority."

Mrs. W.E. Parker, outspoken Canyon resident, was answered most often by Neblett administrator Ray Grimes. Mrs. Parker questioned what she called a lack

of public notice regarding the hearing. She also asked how the land would be conveyed to the hospital district by its present owner, West Texas State University.

Committee chairman William Foran then requested that Mrs. Parker limit her questions to only the need for a new hospital.

According to Grimes, the only approval is in establishing the need for a new hospital facility. "And no one spoke out against the need," the administrator added.

Grimes said the hearing and eventual approval was basically a formality, brought about through passage of HR-1, which requires that all hospital construction be approved by

regional commissions, with approval based on need.

"It is not a matter of getting funding approved," said Grimes. "It is due to HR-1 and has to do with Medicare."

The new hospital, a 50-bed facility offering doctor's offices,

will be built on a 10-acre tract of land on the north side of 4th Avenue just east of WTSU.

It will replace the present 35-bed facility located near the downtown area of Canyon.

Grimes, pointing to a map

(See NEBLETT, page 2)

Campaign Review Urged By Raillard

The president of the Canyon Chamber of Commerce endorsed the formation in Canyon of a solicitations review board to control various fund drives which operate in the city annually.

President Raymond Raillard said he and chamber manager Roland Black have visited with Amarillo solicitation review board members and have copies of that city's ordinance on the board.

He said if the chamber endorses the formation of such a board, that endorsement should be passed on to the city commission for action.

"It requires a lot of work and study and some dedicated people who aren't afraid to say 'no,'" Raillard said.

In Amarillo, the solicitations review board is appointed by the city commission to review various aspects of fund drives which are proposed for the city. The board members review the financial picture of the fund drives.

If their campaign is approved for solicitations in Amarillo, the board issues a permit for a \$10 fee.

From the local citizen's point of view, Raillard said, the board's action would indicate to them which fund campaigns had been reviewed thoroughly and

My "American Way" has meant that I had to accept my inherent limitations — then prove that I could live with them so richly as to attract the attention of many people who were inherently more richly endowed.

'Can't Rule Out The Possibility Of Life'

Mapping Of Mars Elite Job For Prof.

West Texas State University to Mars. That will be the scope of one activity at the university for the next three years.

The work will be carried on by Dr. James R. Underwood Jr., associate professor of geology, one of a select group of scientists putting together a geologic map of the planet Mars.

Underwood, 45, and Dr. Elbert King Jr., chairman of the geology department at the University of Houston, are the only two university professors from Texas selected by the National Aeronautics and Space Administration (NASA) for the three-year project.

Mars, known as the red planet, has intrigued scientists for centuries. But through the United States' Mariner program, a series of unmanned spacecrafts sent to photograph Mars, many secrets of the planet have been unlocked.

The mapping project will be

undertaken using photographs sent to earth from Mariner 9 which was shut down last Oct. 27 after orbiting Mars 698 times.

Mariner 9 orbited within 862 miles of Mars' surface and transmitted 7,329 television pictures to earth.

Underwood, operating under a \$10,000 NASA research grant for the first year, said Wednesday he will be responsible for the Mare Acidalium Quadrangle, one of 30 into which the planet was divided for mapping purposes.

The Mare Acidalium Quadrangle is north of the equatorial tier of the Northern Hemisphere, Underwood said.

"All of the quadrangles do not have the same priority for completion," he said. "The equatorial belt of quadrangles, some 16 of them, are coming under very close and immediate scrutiny because the Viking landing in 1976 on Mars may occur in one of those areas."

Underwood will be assisted in his work by Dr. Neville Trask of the U.S. Geological Survey in Washington, who was involved in the lunar mapping project, and Bruce N. Shepherd, a WTSU graduate student in geology.

Shepherd, 23, is the son of Mr. and Mrs. Fulton Shepherd and a 1968 graduate of Amarillo High School.

Underwood said that Shepherd's graduate thesis topic will be the study of the craters of Mare Acidalium. One such crater in the quadrangle is about 100 miles across, or the distance from Canyon to Lubbock, Underwood said.

Scientists associated with Mariner 9 have said the theories developed after three previous Mariner missions that Mars was an "old, dead, cratered planet" apparently are not justified by new evidence.

They now say that Mars has been alive and was the scene of

past volcanic eruptions and flowing rivers.

"We find there are features on Mars of the magnitude that we really don't know on earth or the moon," Underwood said.

One volcano, Nix Olympica, "may be as high as 80,000 feet, compared to the highest mountain on earth (Mt. Everest) of almost 30,000 feet," he said.

"There are five-mile deep canyons, the depth of which dwarfs the one-mile depth of the Grand Canyon."

"We don't think there are any processes operating there that don't operate on earth but there may be a great variation in intensity of some of the processes."

Underwood said he will use about 100 photographs in mapping his quadrangle.

"The features that I see in the Mare Acidalium Quadrangle so far are a host of craters of various sizes," he said. "Probably most of them are impact craters but some

may be volcanic.

"We do see some channels which may be the result of running water at a time when Mars may have had free surface water."

He added that a large area of plains also seems to have a large area of plains.

Underwood said data from Mariner 9 gives "evidence at the poles, especially the north pole, of interlayered rock and ice or interlayered sedimentary material. The ice may be water ice or may be CO₂ (carbon dioxide) ice."

The WTSU geologist said, "There has been determination of atmospheric moisture on Mars of very, very small quantity."

"Perhaps the Martian surface was more like that of the earth at one time in the past. It certainly is different now, and although I don't think that you can rule out the possibility of life on Mars, I think you can very definitely rule

out the possibility of any kind of higher life of the type we have here on Earth."

One of the main purposes of the Viking mission is to land in a wet area, that is, an area where the possibility of the existence of life is greatest.

Underwood added, "The planet, because it does give irrefutable evidence of volcanic activity, very likely is a live planet in the sense that the earth is alive."

In describing the mapping process, Underwood said "we simply will use the individual photographs to recognize features that we can describe."

"We will map units on Mars that are material units, that is, different kinds of rock strata. These strata will be different origin, for example one unit may be a lava flow and another a sheet of windblown sand or dust. There are sand dunes on parts of Mars."

(See MARS, page 2)

Dr. James R. Underwood Jr.

by Troy Martin

FROM THE

CANYON RIM

This week I am struggling with one of the major decisions of my career, whether to turn the writing of this column over to someone else.

I have written The Canyon's Rim for the past 13 years and through those years it has become a part of me.

In it we have taken on some formidable adversaries, including a governor, a US Senator and the Pentagon. During those years I was able to give most of my waking moments to collecting, analyzing and writing the news.

Things have changed radically. I am now largely responsible for advertising sales and promotion of the community. Most of the time I read the Canyon News just like any other subscriber — when it comes out.

Carroll Wilson is the managing editor and carries most of the responsibility for decisions on news coverage.

Of course, in matters grave to the newspaper and the community, Carroll and I confer before anything goes to press. He is a sensible young man and always seeks counsel before decisions of gravity.

I have never shied away from controversy and this newspaper will not begin now.

In the weeks ahead I will try to find more time for study and research. Failing, I will turn this spot over to Wilson so the people can get the no holds barred hard hitting comment the community deserves from its newspaper.

For the first time in years I find myself in agreement with H. M. Baggarly.

The Watergate incident stinks and all of the "Everybody does it" in the world won't remove the smell.

We have a spectacle of a President of the United States who just may be involved in a burglary. For the life of me, I can't understand why the Republicans resorted to something like Watergate.

They had the election won without it.

I hope the people of Happy will recognize the role of a newspaper — to inform. Because we report a story such as the one involving Happy Independent School District last week does not mean we approve of action taken or even vouch for what the people quoted have to say.

We handled it in about the only way a story like that can be handled without simply ignoring it.

Last week we gave one side. This week the other side is being told in a story displayed prominently on page 1.

Last week I went out in the country and walked across as good a dryland wheat crop as I have ever seen.

Dryland wheat looks like irrigated crop. Let's keep our fingers crossed against hail.

Barring a natural disaster the farmers of Randall County seem destined to make some money on wheat this year.

Experts say cotton prices will shoot up as it becomes apparent that flooding has destroyed much of the acreage of traditionally cotton Southland.

Because of weather interference, the country could come up short on some staple products.

A native of Austin and a 1944 graduate of Corpus Christi Senior High School, Underwood received four degrees from the University of Texas, including a Ph.D. in Geology in 1962.

He was on the faculty of the University of Texas, in the period of 1962-65 when he was assigned to the AID program at the University of Baghdad, Iraq.

Underwood came to West Texas State in 1967 after two years at the University of Florida. In 1969 he took a two-year leave of absence to serve as an ESO-sponsored professor of geology at the University of Libya.

While in Libya, Underwood studied two large circular structures which he said proved to be astroblemes.

"Astroblemes are deeply eroded impact craters and some of the craters on Mars apparently are of this type," he said.

Underwood said he probably will spend two months of the next three summers working on the project either on the WTSU campus or at the U.S. Geological Survey Astrogeology Branch headquarters at Flagstaff, Ariz.

He said the maps will be produced at a scale of 1:5,000,000.

He said the mapping group will convene probably four times a year to go over results of their work, solve problems that have arisen and resolve any conflicts of opinion.

Underwood said that in addition to mapping the Mare Acidalium Quadrangle he will be responsible for reviewing and editing the maps of two other quadrangles.

He was selected for the project because of his study of impact craters and his experience in such arid regions as West Texas, Arizona, Middle East and North Africa.

A native of Austin and a 1944 graduate of Corpus Christi Senior High School, Underwood received four degrees from the University of Texas, including a Ph.D. in Geology in 1962.

He was on the faculty of the University of Texas, in the period of 1962-65 when he was assigned to the AID program at the University of Baghdad, Iraq.

Underwood said he probably will spend two months of the next three summers working on the project either on the WTSU campus or at the U.S. Geological Survey Astrogeology Branch headquarters at Flagstaff, Ariz.

He said the maps will be produced at a scale of 1:5,000,000.

Deans now employed by the school are for admissions, arts and sciences, the graduate school, education, agriculture, fine arts and business.

Other administration and staff totals 33 and the student life staff totals 18.

According to the catalogue, a total of 297 faculty members are employed.

In 1967, according to information on file in the Legislative Reference Library, Dr. Cornette had a base salary of \$16,500. Dr. Juniper and Henson also had base salaries of \$16,500.

The registrar in 1967 had a salary of \$14,000. The dean of student life had a salary of \$13,600 and the three other deans had salaries between \$14,400 and \$16,500.

For 1973, according to budget material available in the WTSU library, Dr. Cornette's salary totals about \$32,000 with housing allowance. The four vice presidents each make \$29,370.

The current deans make between \$25,000 and \$28,440.

The current registrar makes \$23,100.

On a random departmental level, in 1967, the head of the art department received a salary, according to figures obtained through the Legislative Reference Library, of \$11,340. In the 1972 budget, the head of the art department makes \$16,605.

In 1967, salary for the head of the biology department was \$12,378. In 1972, the salary for the biology department head is \$17,500.

In 1967, the salary for the head of the physics department was \$12,330. The salary for the same position in 1972 is \$15,309.

Henson revealed that the total budget for salaries in 1967 for administrators was \$344,110. Faculty salaries, he said, for the same year, totaled \$2,647,695.

Henson said administration salaries totaled in 1972 \$495,568. He said faculty salaries for 1972 totaled \$4,083,225.

Dr. Malzahn, noting the growth in administrative positions and costs particularly when compared with a year when student enrollment was the same, said he has no suggestions on how or where the administration can be reduced.

He said there is currently no contemplation of adding assistant deans to the various school and college staffs.

But, he said, "I just don't know how we'd get by with fewer deans. I wouldn't know where to begin cutting back the administration."

Malzahn said the scope of WTSU has changed significantly since 1967 and many more programs—like nursing and in agriculture—have been added which simply require more administrative control.

Malzahn has said that as many as 20 faculty members could be relieved of their jobs at the university due to a low budget expected from the state legislature.

dictate the trend toward vocational education will continue.

"It would be an asset as far as I'm concerned," he said, "as long as we continue to give attention to other areas and update and upgrade."

In other business, board members took off their coats, rolled up their sleeves and launched into a two hour work session on next fall's budget.

A preliminary budget presented for review to the board Tuesday night reflects an \$82,000 deficit, but Jacobs stressed that the administration has not yet pared the fat from teacher and principal requests.

Board members reviewed the budget in detail.

The preliminary budget indicates total revenue for next fall of \$2,668,980.

Expenditures are estimated at \$2,771,378.

This year's budget shows anticipated revenues of \$2,601,061 and estimated expenditures of the same amount.

Board members also decided to

The Swisher County attorney has said he will investigate the allegations of the initial petition which contests the April election, which saw two incumbents returned to seats on the Happy school board.

Briscoe had previously been scheduled to attend the banquet in late April, but the banquet was postponed due to a conflict with his schedule.

The banquet is open to society members and friends with tickets priced at \$3.50. Reservations may be made or tickets purchased at the museum.

The society's annual meeting will convene at 3 p.m. today in the north art gallery of the museum. Virgil Patterson, president, will conduct the business, which includes election of a new slate of officers, election of new directors and the submission of committee reports.

He said the maps will be produced at a scale of 1:5,000,000.

He said the mapping group will convene probably four times a year to go over results of their work, solve problems that have arisen and resolve any conflicts of opinion.

Underwood said that in addition to mapping the Mare Acidalium Quadrangle he will be responsible for reviewing and editing the maps of two other quadrangles.

The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interest of the community, state and nation.

A subscription is \$8.40 a year in Randall and surrounding counties and \$10.50 a year elsewhere.

The Canyon News is published Sunday and Thursday at its offices, 1500 5th Avenue, Canyon, Texas. Second class postage is paid in Canyon. Zip Code 79015.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be corrected upon being brought to the attention of the editor.

The Canyon News is a member of the Panhandle Press Association, Texas Press Association and National Editorial Association.

He said the mapping group will convene probably four times a year to go over results of their work, solve problems that have arisen and resolve any conflicts of opinion.

Underwood said that in addition to mapping the Mare Acidalium Quadrangle he will be responsible for reviewing and editing the maps of two other quadrangles.

He was selected for the project because of his study of impact craters and his experience in such arid regions as West Texas, Arizona, Middle East and North Africa.

A native of Austin and a 1944 graduate of Corpus Christi Senior High School, Underwood received four degrees from the University of Texas, including a Ph.D. in Geology in 1962.

He was on the faculty of the University of Texas, in the period of 1962-65 when he was assigned to the AID program at the University of Baghdad, Iraq.

Underwood came to West Texas State in 1967 after two years at the University of Florida. In 1969 he took a two-year leave of absence to serve as an ESO-sponsored professor of geology at the University of Libya.

While in Libya, Underwood studied two large circular structures which he said proved to be astroblemes.

"Astroblemes are deeply eroded impact craters and some of the craters on Mars apparently are of this type," he said.

Underwood said he probably will spend two months of the next three summers working on the project either on the WTSU campus or at the U.S. Geological Survey Astrogeology Branch headquarters at Flagstaff, Ariz.

He said the maps will be produced at a scale of 1:5,000,000.

Deans now employed by the school are for admissions, arts and sciences, the graduate school, education, agriculture, fine arts and business.

Other administration and staff totals 33 and the student life staff totals 18.

According to the catalogue, a total of 297 faculty members are employed.

In 1967, according to information on file in the Legislative Reference Library, Dr. Cornette had a base salary of \$16,500. Dr. Juniper and Henson also had base salaries of \$16,500.

The registrar in 1967 had a salary of \$14,000. The dean of student life had a salary of \$13,600 and the three other deans had salaries between \$14,400 and \$16,500.

For 1973, according to budget material available in the WTSU library, Dr. Cornette's salary totals about \$32,000 with housing allowance. The four vice presidents each make \$29,370.

The current deans make between \$25,000 and \$28,440.

The current registrar makes \$23,100.

On a random departmental level, in 1967, the head of the art department received a salary, according to figures obtained through the Legislative Reference Library, of \$11,340. In the 1972 budget, the head of the art department makes \$16,605.

In 1967, salary for the head of the biology department was \$12,378. In 1972, the salary for the biology department head is \$17,500.

In 1967, the salary for the head of the physics department was \$12,330. The salary for the same position in 1972 is \$15,309.

Henson revealed that the total budget for salaries in 1967 for administrators was \$344,110. Faculty salaries, he said, for the same year, totaled \$2,647,695.

Henson said administration salaries totaled in 1972 \$495,568. He said faculty salaries for 1972 totaled \$4,083,225.

Dr. Malzahn, noting the growth in administrative positions and costs particularly when compared with a year when student enrollment was the same, said he has no suggestions on how or where the administration can be reduced.

He said there is currently no contemplation of adding assistant deans to the various school and college staffs.

But, he said, "I just don't know how we'd get by with fewer deans. I wouldn't know where to begin cutting back the administration."

Malzahn said the scope of WTSU has changed significantly since 1967 and many more programs—like nursing and in agriculture—have been added which simply require more administrative control.

Malzahn has said that as many as 20 faculty members could be relieved of their jobs at the university due to a low budget expected from the state legislature.

dictate the trend toward vocational education will continue.

"It would be an asset as far as I'm concerned," he said, "as long as we continue to give attention to other areas and update and upgrade."

In other business, board members took off their coats, rolled up their sleeves and launched into a two hour work session on next fall's budget.

A preliminary budget presented for review to the board Tuesday night reflects an \$82,000 deficit, but Jacobs stressed that the administration has not yet pared the fat from teacher and principal requests.

Board members reviewed the budget in detail.

The preliminary budget indicates total revenue for next fall of \$2,668,980.

Expenditures are estimated at \$2,771,378.

This year's budget shows anticipated revenues of \$2,601,061 and estimated expenditures of the same amount.

Board members also decided to

Canyon Bands Win Festival Honors

The Canyon High School and junior high school bands took several top honors at the Greater Southwest Music Festival held in Amarillo Thursday, Friday and Saturday.

The high school band, under direction of J.W. King, won Division 1 honors in Concert, and Sight Reading and was selected as the Outstanding Concert Band in Class AAA.

The junior high symphonic band, under direction of Gary Laramore, earned a Division 2 in Concert and a Division 1 in Sight Reading.

Brad Garner, of the high school band, was chosen as the Outstanding Young Artist and performed with the Amarillo Symphony Saturday night. John King was named Outstanding Cornet Soloist and Sheryl Bellah was named Outstanding Piano Soloist.

Other awards were: Junior High Solos and Ensembles—Kristi Quammen, flute solo, Div. 2; Patti Guy, flute solo,

Div. 2; Terry Trew, flute solo, Div. 1; Bryan Garner flute solo, Div. 1; Sue Carleton, flute solo, Div. 2; Tim Martin, oboe solo, Div. 1; Mick Tucker, bass clarinet solo, Div. 1; Cheryl Wolfenbarger, bass clarinet solo, Div. 3; Alicia Fowlkes, alto sax solo, Div. 1; Tracey Walker, alto sax solo, Div. 2; Terry Trew and Bryan Garner, flute duo, Div. 1; Arthur Spies, trombone solo, Div. 3; Wayne Tannery, drum solo, Div. 1; and Jim Ward, Div. 2.

Two flute trios won Div. 1 awards, along with a clarinet duo. Another clarinet duo was voted Div. 2 honors, along with a clarinet quartet and an oboe duo.

Percussion sextet was rated Div. 1.

In Frenchhorn competition, Royal Brantley and Jay Findley were Div. 1, and Karen Sommer was Div. 2. Steve Baird was also named to a Div. 1 spot.

Baritone soloist Brad Johnson was Div. 1, and Steve Ranne and Bobby Edwards were Div. 2.

Scott Nelson was Div. 1 in cornet solo, as was Rosalie Gallo-way. The French quartet and brass sextet were rated Div. 2 and the cornet quartet was Div. 3.

High School solos and ensembles—Larry Caviness, Doug White, Randy Bright and Mike Word, sax quartet, Div. 2; Cindy Johnson, Sheryl Sommer, Nancy King, Alan Beghtel and Dan McGlasson, woodwind quintet, Div. 1; Debbie Ramaekers, Diana Davis, and Vicki Chastain, Div. 2; Brad Garner and Sharon Lumry, flute duo, Div. 1; woodwind duo, Brad Garner and Vern Zimmerman, Div. 1; Sharon Lumry, flute solo, Div. 2; Brad Garner, flute solo, Div. 1; Cindy Johnson, flute solo, Div. 2; Vern Zimmerman, clarinet solo, Div. 1; Larry Caviness, sax solo, Div. 3; Mike Word, sax solo, Div. 1; Patricia Maxwell, cornet solo, Div. 1; John King, cornet solo, Div. 1; Fred Bush, cornet solo, Div. 1; Patricia Maxwell, Steve McDaniel, Eric Murrell, Ronnie Cates, Bill Moore and Grover Brillhart, brass sextet, Div. 1; Jeff Cates, Patricia Maxwell and Maureen Gidden, cornet trio, Div. 2; John King, Fred Bush, DeAnn Holmes, Keith Laycock, Harold Thompson, and Alvin Oglesby, brass sextet, Div. 2; Eric Murrell, DeAnn Holmes, Larry Young and Clay Harper, horn quartet; David Finke, Kent Bond, Troy Edwards and Tim Crown, percussion ensemble, Div. 2; David Finke, snare drum solo, Div. 2; Mindy Hicks, Twirling solo, Div. 2; Nancy King, piano solo, Div. 1; Nancy King, vocal solo, Div. 1; Sheryl Dees, piano solo, Div. 1; Larry Caviness, piano solo, Div. 1; Stacie Wright, piano solo, Div. 2; Sheryl Bellah, piano solo, Div. 1; Sheryl Bellah, vocal solo, Div. 1; Cindy Johnson, piano solo, Div. 2; Sheryl Sommer, oboe solo, Div. 2; and Stacie Wright, bass clarinet solo, Div. 3.

About 250 members of the Texas Association of Classroom Teachers and their guests banqueted Wednesday evening in the Canyon Junior High School cafeteria. Gene Murray, right, was master of ceremonies.

Superintendent and Mrs. Jerry Jacobs, foreground, were special guests. Leroy Lowry, retiring vocational education teacher, seen at microphone, was one of those honored.

Kendricks Have New Daughter

Mr. and Mrs. B. B. Kendrick, 522 12th Ave., are parents of a new baby daughter, April Dawn, born April 28, 1973, at Northwest Texas Hospital in Amarillo. She weighed 6 lbs. 9 1/2 ozs. at birth.

The maternal grandparents are Mr. L. N. Calvert and Mrs. Sally Calvert of San Antonio.

The paternal grandparents are Mr. and Mrs. B. H. Kendrick of Idalou.

The Kendricks have two older girls, Deborah, 9, and Deena, 3. Mr. Kendrick is an instructor and coach at Canyon High School.

House Committee Okays Salary Rate For Dist. Atty.

The House Appropriations Committee has passed without dissent a piece of legislation which will allow the state to begin paying the salary of Randall County Dist. Atty. George Dowlen.

Currently, the county pays the majority of Dowlen's salary while the state pays about \$4000 annually. For district attorneys in other Texas counties, the state pays about \$15,000.

Dowlen has pushed for the legislation and county commissioners passed a resolution recently calling for passage of the bill.

First year drama students at Canyon High School have been busy during recent days constructing the "concentration camp" stage setting to be used in their presentation of "I Never Saw Another Butterfly." The drama, to be presented May 21 and 22 at the school, tells the story of young Jewish children who grew up in Nazi camps during World War II.

Three Locals To Symposium On Science

Two Canyon High School students and a CHS teacher will participate in early June in the 13th annual Texas Nuclear Science Symposium at the University of Texas at Austin.

Shelia Thomason, daughter of

Mr. and Mrs. Monte Thomason of 8606 Valleyview, and Mary Townsend, daughter of Dr. and Mrs. Charles Townsend of 507 25th St., are juniors at CHS.

Mr. Charles Brasher, CHS chemistry and physics teacher, will also participate.

The two juniors will be among more than 500 of the state's top science students to attend the symposium which is jointly presented by the Texas Atomic Energy Research Foundation and the university.

Southwestern Public Service Co. will sponsor the Canyon participants.

Miss Townsend is a member of the National Honor Society, the Junior Engineering and Technical Society and the Science, Spanish and History teams.

Miss Thomason is also a member of the National Honor Society and has received the Chemistry Award. She is active

in sports and received a letter in track.

Mrs. Brasher has taught at CHS for 8 years. She holds a bachelor of science degree in chemistry and a masters degree in math from West Texas State University.

Leading scientists and engineers from industry and education will participate in the symposium and the students and instructors will spend two afternoons touring the laboratories at the university.

Mrs. Phillip Brown and Mrs. Carl Hollabaugh of the Heritage Woman's Club of Canyon this week presented a check in the amount of \$402 to Ray Grimes, administrator of Nebbett Memorial Hospital. The money is to be used for nursery equipment.

More Named To Committee On Constitution

Two other Canyon residents have been appointed members of a Constitutional Revision Commission Citizens Advisory Council.

Dave Matthis, government professor at West Texas State University, and Dion Miller, WTSU political science student, have been appointed.

They met in Amarillo Tuesday night with other area members of the advisory committee which is charged with relaying public opinion on the new constitution to the revision commission.

County Judge Woody Pond and Happy woman Mrs. Helene McFarland have also been appointed to the committee.

Matthis, who has been active in Democratic Party politics for several years, is associate professor of government.

Miller, a native of Dawn, is a member of the Student Senate and president of the campus Young Democrats.

Reduced Rates This Week Only HAVE YOUR CARPETING BEAUTIFULLY CLEANED IN YOUR OWN HOME

In a matter of a few hours, we can revive its original beauty and freshness.

We use the famous Von Schrader dry-foam method. No moisture goes through to the underside to damage the pile or backing. There is no odor. Carpets can be used the same day.

Canyon Junior Forum officers installed following a Tuesday luncheon are as follows: First row, l. to r., Mary Alice Hines, treasurer; Harriet Brandon, president; Jill McGregor, 4th vice-pres.; second row, Jane Stephens, 3rd vice-pres.; Mary Lou Farn-

ham, 2nd vice-pres.; Suanne Keeley, recording secretary; third row, Karen Crossland, corresponding secretary; Mary Truitt, 1st vice-pres.; and Maryada Ritchie, parliamentarian.

Junior Forum Installs Officers

Canyon acquired a new service organization when Junior Forum officers were installed and the gavel handed to Mrs. Harriet Brandon, president, in a Tuesday luncheon ceremony at the Yum Yum Tree Restaurant.

Mrs. Howard Milligan, president of Junior Forum International from Pasadena, near

Houston, conducted the installation.

Other women taking office were Mrs. L.D. Truitt, first vice-president; Mary Lou Farnham, second vice-president; Mrs. J. Pat Stephens, third vice-president; Mrs. Roy McGregor, fourth vice-president; Mrs. Sam Keeley, secretary; Mrs. Steve Hines, treas-

urer; Mrs. William L. Ritchie, parliamentarian; Mrs. Kenneth Crossland, corresponding secretary; Mrs. Wayne Ray, historian; Mrs. David West, yearbook; Mrs. Russell Moore, telephone; Mrs. Reggie Reeves, program; and Mrs. Joel Oliver, nurse.

The membership is made up of women between the ages of 20 and 40 who wish to do volunteer work in the community. Junior Forum's project for the current year will be assisting in the public schools on a volunteer basis, with each member giving at least 18 hours in such areas as libraries, nurse's office, playground supervision, and extracurricular activities.

Canyon Junior Forum members assisted in recent screening of prospective kindergarten children for the public schools.

Two WT Athletes Win Most Honors

Seniors Bill Trisciani and Jerry Christian walked off with most of the honors Tuesday night at the West Texas State University all-sports athletic banquet.

Trisciani, a defensive lineman, received both the Kleinschmidt Award which goes to the most valuable football player and the President's Award from university president Dr. James P. Cornette. Christian was presented the Kleinschmidt Award for basketball and the Fighting Heart Award.

Other most valuable player awards went to Mike Bolton in tennis, Tracy Dickson in track and Jerry Boeka in golf. Tracker Bob Wilson received the senior academic award.

The 5-10, 250-pound Trisciani started at nose guard for the Buffaloes this past season as the team compiled a 5-5 record and tied for the Missouri Valley Conference football title with Drake and Louisville.

Trisciani, from Manchester, N.H., transferred to West Texas State from Trinidad, Colo., Junior College. He saw only limited playing time during his junior year, but blossomed into a

star during his senior season.

The Kleinschmidt Award was started in 1936 by J. Wesley Kleinschmidt, Canyon business man and longtime supporter of West Texas State. Dr. Cornette established the President's Award in 1955. He established the criteria of "citizenship, leadership, loyalty and cooperation, improvement in ability and general attitude."

The Fighting Heart Award was started in 1954 by the Canyon Rotary Club at the suggestion of Dr. Dudley Moore and is presented to the player exhibiting the greatest hustle and desire to compete.

The Canyon Rotary Club also presented the Terry Smith Award in tennis to Bolton. That award was presented in memory of Smith, a former Buffalo tennis player who was killed in a motor vehicle accident while he was still a student at West Texas State.

The Canyon Kiwanis Club presented the most valuable award to Dickson. The Evening Lions Club of Canyon gave the most valuable award in golf to Boeka. The Canyon Lions Club also presented the Senior Athlete Academic Award to Wilson, who carried the highest grade point average among athletes.

Bolton is a senior from Vancouver, B.C., and is presently earning his fourth letter as a member of the Buffalo team. Dickson, a junior from Lockney, has been a standout sprinter for the Buffalo track team. Boeka, Amarillo junior, has posted the lowest average among Buffalo golfers for the entire season.

Wilson, who throws the discus in track, is a senior from Amarillo.

Kenneth Wyatt, well known western painter and humorist from Tulia, was the featured speaker. Buffalo varsity tennis player Dale Corbin was the master of ceremonies.

One Initiated Into Society

Michael Eugene Gandy of Wheeler has been initiated into Psi Chi, national honor society in psychology, at West Texas State University.

A senior psychology major, Gandy is the son of Mr. and Mrs. George S. Gandy of Wheeler. Psi Chi was organized in 1925 under the sponsorship of the American Psychological Association of Washington, D.C. to recognize scholarship in the field of psychology.

The WTSU chapter was established in 1971.

News Brief

The sister of Mrs. J. J. Walker, former Canyon resident, died recently in Riverside, Calif.

Services for Mrs. Lillie Ann Harrison, 87, sister of Mrs. Walker, were held in Riverside Monday. Mrs. Walker now lives in Memphis, Tex.

Buy, sell or trade with Canyon News SEEK ads.

New officers of Tau Beta Sigma, service sorority for the WTSU band, are seen above. They are, seated, l. to r., Beverly Vaughn, reporter-historian, Decatur; Debbie Futch, parliamentarian, Temple; Sharon Goode,

corresponding secretary, Ft. Stockton; standing, Cindy Bullock, recording secretary, Odessa; Donna Valdey Nall, president, El Paso; Jana Miller, treasurer, Idalou; and Beverly Goode, vice president, Ft. Stockton.

Choirs Take Sea-A-Rama Honors

The choirs of Canyon High School earned several honors at the Sea-A-Rama Choir Contest held in Galveston last weekend.

The Canyon Mixed Choir was selected as the Outstanding Mixed Choir for AAA schools in both concert and sight reading.

Canyon was voted Outstanding Overall Boys' Choir in sight reading and received Honorable Mention in concert.

The girls' group won an Honorable Mention in concert.

In all, Canyon choirs won six Division 1 ratings and took four Outstanding or Honorable Mention trophies.

All three of the Canyon choirs made Division 1 ratings from all judges, reportedly the only school to earn that honor.

A total of 75 high school choirs competed in the contests, in-

cluding 16 Class AAA mixed choirs, 22 boys' choirs and 35 girls' choirs.

Competition for the boys' and girls' choirs was among all classes of schools from Class A through AAAAA. Only the mixed choir competed with just AAA schools.

Director of the Canyon High School choirs is Tom Jennings.

The active chapter of Zeta Tau Alpha gave a "Professor's Dessert" in the Activities Center at West Texas State University Thursday afternoon, May 3. Helping with

preparations are Linda Dudenhoefter, Canyon junior, Lois Brewer, Plainview sophomore, and Sandra McGill, Wellington freshman.

Girls Softball Signups Begin

Selections for this year's Kiwanis Club girls softball teams will be made Saturday in the parking area in front of the Activities Center on the West Texas State University campus.

Softball committee chairman George Blackwell said girls ages 8 through 14 are eligible this year to participate in the softball program, which has been spon-

sored by the Kiwanis Club for 15 years.

In the past, the age group has been limited to girls ages 12 through 14.

The softball season will begin June 1 and end July 4. Games will be played at the Kiwanis Club diamond. Trophies will be given to winning teams in the 12-14 and 8-11 brackets.

Fed Studies Seminar Set At University

A special seminar on federal constitutional studies for teachers will be offered tuition free at West Texas State University this summer.

The seminar, scheduled July 17-Aug. 17, is being funded through a grant from the Texas Educational Association, a private foundation of Fort Worth, says Dr. Roy E. Thoman, associate professor of political science.

The class will meet from 10:50 a.m. to 12:20 p.m. Monday through Friday.

"Although this is a noncredit seminar for regular members, each teacher-participant will be awarded a certificate indicating successful completion as evidence of professional interest and growth," Thoman says.

He adds the school districts of Amarillo, Canyon, Diocese of Amarillo, Dumas, Hart, Memphis, Nazareth, Pampa and Perryton "have agreed to grant two hours of recency of training credit or the professional equivalent, to their staff members who satisfactorily complete the seminar."

With the United States approaching its bicentennial celebration, one section of the seminar will deal with events

leading to the Federal Convention of 1787, he says.

Other topics will be the philosophy of the Constitution, the evolution of constitutional law and the constitutional role of the president in the areas of foreign relations.

Applications may be obtained by writing Thoman at the Political Science Department, WTSU, Canyon 79016.

AAUW Installs Mrs. Rider, Pres.

American Association of University Women installed officers for the coming year at a luncheon meeting Saturday, May 5, in the home of Mrs. Margaret Harper, 2523 Fifth Ave.

Mrs. Audrey Rider of Amarillo accepted the president's gavel from Mrs. Charles Harter, installing officer. The wife of Dr. John Rider, professor of business education and office administration at WTSU, she succeeds Mrs. Jo Green of Canyon.

Other officers of AAUW for the coming year are Mrs. Donna Greer, first vice-president; Mrs. Ada Crager, second vice-president; Mrs. Jo Ellen Moses, secretary; and Mrs. Jane Munsell, treasurer.

In other business considered at the meeting, Dr. Ruth Lowes and Mrs. Rider reported on activities of the recent State AAUW Convention at Austin. Mrs. Donna Umbrson was congratulated on the colorful felt banner she had made for the convention, bearing the slogan, "AAUW—Tall in Texas."

Mrs. Green reported on the year's allocation of funds, with gifts made to Meals on Wheels, the Wichita State Mental Hospital, the AAUW fellowship fund, and the AAUW Centennial Fund.

The members voted to again make a gift of \$75 to Barbara Dickerson, a nursing student at West Texas State University. They also approved a gift of \$25 to the summer recreation program in Canyon for art and drama activities, and agreed to send \$50 in additional funds to the Centennial Fund.

Dr. Ruth Lowes reported on AAUW's project for tutoring individual students in cooperation with teachers in the public schools. It was decided to continue with the project next year.

Hostesses for the luncheon were Mrs. Mary Jane Reeves, Mrs. Georgia Blackwell, and Mrs. Jane Munsell.

Officers for the Canyon Division of American Association of University Women were installed Saturday, May 5, in a ceremony conducted by Mrs. Charles Harter, left. They are Mrs. Jane Munsell, treasurer; Mrs. Donna Greer, first vice-president; and Mrs. Audrey Rider, president. Mrs. Ada Crager, second vice-president, and Mrs. Jo Ellen Moses, secretary, are other officers.

Memorials To WTSU Vietnam Dead Will Be Dedicated Sat.

Memorials to former West Texas State University students who died in the Vietnam conflict will be dedicated in ceremonies Saturday.

Campus streets will be named for 11 of the soldiers. The Student Senate has declared Saturday WTSU Honored Veterans' Day.

Street signs will be erected in separate ceremonies at 10:45 a.m. A luncheon honoring representatives of the veterans' families is set for noon in the East Dining Hall.

A plaque engraved with the names of all former students killed in the Viet Nam war will be placed in the Activities Center on campus.

Funding for the endeavor has been university-wide, with the Greek organizations responsible for corresponding with the veterans' families and serving as hosts for the family members when they visit the campus.

The Canyon Chamber of Commerce and the WTSU ROTC are also sponsoring the project.

The 11 men being honored were Sgt. Larry Allen May, son of Mr. and Mrs. R.P. May of White Deer; Army Capt. Ronald R. Blair, son of Mrs. L.R. Blair of Canyon; Army 1st Lt. Jimmy D. Bean, son of Mrs. Mable Hawkins of Amarillo; Army Capt. Jimmy M. Brasher, son of Mr. and Mrs. F.V. Brasher of Canyon; Lt. Carlos Pedrosa, son of Mrs. Nina Pedrosa of New York City.

Army Pfc. Stephen B. Geurin, son of Mr. and Mrs. Ed Geurin of Amarillo; Army Sgt. Keith W. Rowell, son of Mrs. E.A. Rowell of Clinton, Okla.; Lt. Ron Smithee, son of Mr. and Mrs. Robert A. Smithee of Ralls; Army Capt. James B. Hansard, son of Mr. and Mrs. Aubrey Hansard of Kerrville and son-in-law of Mr. and Mrs. Jason O. Gordon of Plainview; Sgt. Cal Johnson, son of Mr. and Mrs. E.T. Houston of White Deer; and Capt. Russell Slough, son of Mr. and Mrs. James Slough of Dimmitt.

Greek social organizations sponsoring the event are Alpha Tau Omega, Alpha Delta Pi, Kappa Alpha, Delta Zeta, Lambda Chi Alpha, Zeta Tau Alpha, Sigma Nu, Kappa Delta, Phi Delta Theta, Chi Omega and Sigma Phi Epsilon.

El Paso junior Andrew Gerdin and Lubbock junior Lori Ingram, working through area newspapers and university records, researched the project.

May attended West Texas from 1965-1969. He served as a platoon leader in the 101st Airborne Division and was killed in action in a land mine explosion. He was awarded the Bronze Star and the Combat Infantry Badge.

Blair was graduated from WTSU in 1960 with a Bachelor of Science degree. He attended on a football scholarship. Blair served seven months in Viet Nam in the 2nd Infantry Division.

Bean received a Bachelor of Arts degree from the university in 1967.

Brasher was graduated in 1963. He was a chemistry major and a member of ROTC. Honors awarded him in Viet Nam include the Bronze Star with oak leaf clusters.

Pedrosa, a 1971 graduate, was an ROTC Distinguished Military Student and an economics major. He received the Bronze Star and the Air Medal with 15 oak leaf clusters.

Geurin, a native of Ardmore, Okla., moved to Amarillo in 1957 and was graduated from Tascosa High School in 1966. He attended WTSU from 1966-1968. A member of the First Infantry Division, he was killed by enemy rifle and mortar fire while on night ambush patrol.

Rowell was born in Borger and was graduated from Mobeetie High School in 1960. He attended WTSU in 1961 and entered the 101st Airborne Division in 1966.

Rowell was wounded "two times while drawing fire to himself in order for his men to move to safety. The third time caused his death," said Judy Rowell of Amarillo, his sister.

Medals given to Rowell include the Combat Infantry Badge, First Class Vietnamese Honor Roll, Bronze Star with two oak leaf clusters and the Vietnamese Cross of Gallantry with palm.

Smithee received a degree in 1967. He was treasurer of Lambda Chi Alpha social fraternity, a member of ROTC and the Student Senate, and was Class Favorite two years. He was a Distinguished Military Student at WTSU and received the Bronze Star and the Vietnamese Cross of Gallantry.

Hansard was graduated from Plainview High School in 1959, received a degree from WTSU in 1963 and was a Distinguished Military Student. He was awarded the Bronze Star during his first tour of duty in Viet Nam.

He was an assistant professor of military science at Louisiana

Mrs. Hartman Hosts Club

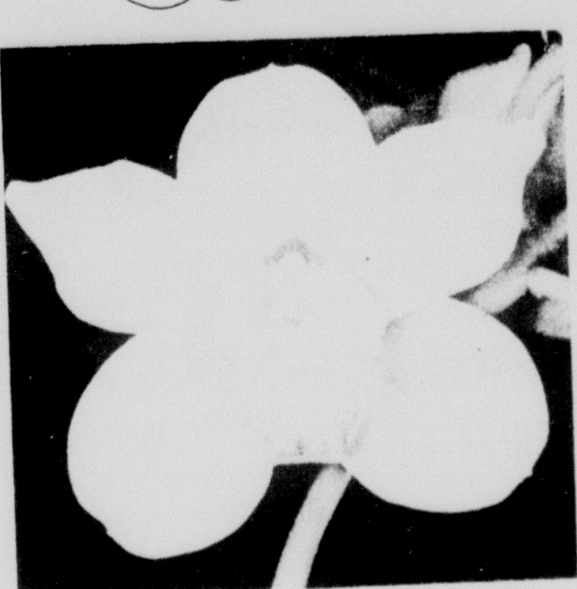

The home of Mrs. Laura Hartman, Umbarger, was the setting for a meeting of The Variety Ring on Friday, May 4. Mrs. Margaret Cole, vice-president, presided.

The group voted to send the president, Mrs. Anne Weaver, a potted plant. Also get well cards were sent to sick members.

Members enjoyed a social hour which included readings, passing of the guessing box, the coin box, and exchange of secret pal gifts.

Those present were Mmes. Modina Barker, Mae Johnson, K.E. Hines, Jewell Marshall, Daisy Neal, Roxie Hammons, Lydia Matsler, Jettrew Winters, and the hostess, Mrs. Hartman.

The next meeting will be at the home of Mrs. John Jennings, Friday, May 18.

Happy News

Happy 4-H Youth Sweep Honors At District Elimination

By MARY NEAL HENRY

A TOTAL OF 486 registered for the free Beef Cuts given at Canyon on Monday when the Beef Mobile was in Canyon for a day. The Beef Mobile spent time at three grocery markets in Canyon and presented three Beef Cuts; one to Cecilia Szydoski, one to Wilma Johnson, and one to Gary Cooper. At least three Happy people came by and registered while I was helping: J. L. Waters, Mary Womack, and Mrs. L.L. Airhart. John Royal, an old friend and neighbor (farming neighbor, that is) was the first to register during our term. I worked with Myra Nell Culp, Donna Johnson, Skip Simons, and Modenia Rahlfs. Others who worked were Vivian Woods, Mattie Ruth, Edgar Robinson, Doris Foster, Delores Wilhelm, Amelia Irlbeck, Eron Jennings, Bonnie Buecker, Bernice Hamblen, Jo Hand, Ruby Vise, Billie Pearson, Linda McDonald, Betty Tipps and Doll Edmonds. Probably others too.

THE BEEF MOBILE was in Happy on Tuesday—after this reporter's deadline. So I'll tell you about that next week. We are still trying to figure out how to have as many register when the population is only 600 and something and about 50 of them are CowBelles. Hope you came to Happy and registered.

THE REVIVAL at the First Baptist Church begins this Sunday, May 13. You are invited to attend and hear Wayne Tucker. Ray Parker will be directing the music. Sunday services will be at 11 a.m. following Sunday School at 9:45 and evening services at 6 p.m. Weekday services will be at 8 p.m. The day service will be luncheon at 12 noon and will be over by 1 p.m. Come and be with us! Thursday night, there will be a Good Neighbor Night Supper in Fellowship Hall; Friday night will be a Hot Dog Supper for juniors and Saturday night, we'll have homemade ice cream for the youth.

the Grand Assembly schedule. Past Mother Advisors who were present were Ruth Mann, Willa Elliott, Irene Hardaway, Mary Neal Henry, Catherine Miller, Evelyn Shipman, Gladys Haley, Ora Mary Sims, Pauline Wesley was present and helped with the banquet. The Rainbow Girls presented a program depicting the many stages of girlhood for their guests.

AT THEIR REGULAR business meeting, the Rainbow Girls elected Rhonda Fellers, Worthy Advisor; Beverly Dowd, Worthy Associate Advisor; Connie Hand, Charity; Cathy Parker, Hope; and Linda Railsback, Faith.

MARY ANN SIMS will hold her first regular F.T. meeting in Amarillo on Saturday. Mary Ann Sims was installed president of District 1 at Dalhart last weekend. Brenda Dietz was installed Corresponding Secretary and Mrs. Sherry Walker and Mrs. Neta Coulter are District Advisors.

GAY AND JIM Fellers have purchased a silk screening business in Amarillo and are moving it to Happy. They have purchased the Mid-America Building (old Penta building) and this will be their office and business location. Congratulations, you nice people! Jim will remain employed by Mid-America until May 15.

EUGENE LITTLEFIELD AND Karen and Jim visited Mann and Aline Littlefield and Merle and Ernest White recently. They stayed over the weekend.

CLAY SIMONS had a belated birthday party because of the weather. On Thursday night of last week, David McDonald, Johnny McCune and Todd Bryan spent the night with Clay. They had ice cream, birthday cake, and lots of fun.

LEONA HENRY OF 600 14th Street, was hostess to the Sunnyside Home Demonstration Club last Thursday. Leona served spudnuts and coffee to Helen Bryan, Jorja Smith, Lou Daugherty, Jo Hand, Barbara Danner, Gwynn Tueck, Shirley Williams, Mary Wilhelm, and the agent, Becky Hall. Barbara Danner will be the THDA nominee from our club to council. Helen Bryan presented a program on "Be Smart About Cookware."

PHYLLIS AND EDDIE Bryan have a new son, Darren Glen, born April 27. Darren weighed 7 lbs. and 1 ounce. Darren Glen has been chosen by a nice family.

ANGELIQUE HENRY, EDDIE Joe Pearson and Ronnie McDonald were the members of the Happy 4-H who attended the horse project on Friday night. The County Horse Show will be in Happy on May 25.

LET'S TRY IT one more time. I suppose if you type paragraph after paragraph of awards into a computer, they all begin to look the same. Betty Stockett won the FIRST year Outstanding Jaycee-Ette award. Skip Simons won the Outstanding Jaycee-Ette award for 1972-73 year. Skip's record is the one which will be entered in state competition.

DICK FOSTER RECEIVED the Outstanding Jaycee of the year. This award is given by a vote of the whole Jaycee club. Vincent Venhaus received the Key Man Award, one selected by the retiring president.

BOTH CLUBS CERTAINLY had a good year. All the awards presented were an indication of this. At least nine visiting clubs attended the Happy Jaycee-Ette Installation Banquet.

Visitors came from Hereford, Tulia, Friona, Childress, Pampa, Claude, Muleshoe, Vega and Plainview.

CLEMI AND BILL Blackburn were at the banquet. Bill Blackburn is the son of Arthur and Gladys, who formerly lived in Happy. Bill is a past president of the Childress Jaycees and a Regional Vice President Director. Bill is employed with the Childress newspaper. Clemi, Bill's wife, is the Jaycee-Ette area vice president for the ensuing year.

MARY JANE MILLER had a weekend guest, Helen Erwin of Amarillo, who attended the Jaycee banquet with her.

HAPPY RAINBOW GIRLS, that bus leaves for Grand Assembly on the morning of June 24. Don't any of you be down there on June 14. You won't have anywhere to go. But we'll see you June 24 at 6 a.m. I'm saving my money to go this year.

EVELYN DOWD CHANGED the time at the Mother-Daughter banquet to 5:30 a.m. Don't any of you miss the bus!

HAPPY COWBOY BAND participated in the Greater Southwest Band Festival in Amarillo last weekend. They then attended Wonderland Park and dined at an Amarillo Steak House.

SHERRY MCDOWELL, COACH Lee, Mr. and Mrs. Coulter, Jo and Faye Hand sponsored the freshmen on their class party on Friday evening. The group ate picnic lunch in Thompson Park and visited the amusement park. They stopped in Canyon on their return trip for soft drinks.

BARRY STEVENS, AARON Parker, Kyle Todd and Freddy Briscoe were among the Happy ones who attended the Christian Athletic Camp at Ceta Canyon. Bill Looney, Brother Paul Heil, and several other Happy men drove down on Saturday afternoon to hear Tom Landry, but Coach Landry was unable to make his appointment.

IMET MRS. ALTI WHITE (Vera) at church on Sunday morning. She is a lovely person. Vera and Alti were given a shower by the First Baptist Church and their guests on Wednesday evening.

IRENE HOPPER VISITED in Happy over the weekend with her mother, Mrs. Patric Parker, and other relatives.

BETTY AND BOB Whelchel and their Bob Ann, Gregg and Jeffy, and Dora Ratjen ate Sunday dinner with Phyllis and Dick Ratjen and Pam.

DORA RATJEN AND June Hancock attended the music recital on Sunday afternoon. Dora's granddaughter, Bob Ann Whelchel, was one of 44 students in the recital at the Silvertown School.

CHARLOTTE AND ROMAN Weaver and their Leslie and Romona traveled to Amarillo on Sunday and picked up Mrs. Opal Jones, Roman's mother of Eldon, Missouri, and Mrs. Ruby McNew, an aunt from Jefferson City, Missouri. They will visit the Roman and Kenneth Weaver families all this week.

BETTY AND LEE Donnell planned a party for the seniors of 1973 on Saturday evening in the Jaycee Hall. All of the senior parents were invited and helped out with the party. Those attending and enjoying the Mexican food and fellowship were Betty and Lee Donnell and their Kevin and Marta Kay, Hope and Ervin Wilson and their Eddie and Michael, Lucy and Foy Moudy and their Metta; Joline and Robert Lee and Bob, LaVenna and Eugene Jackson and Billy and Gennie, Joan and Reed McDonald and Donna, Mary Neal and Tom Henry and their Ken, J.T. and Angelique; Jo and Fay Hand and Jim, Pat and Bob Hargrave and Mark, Billie Pearson and Chris and Eddie, Camma Lou Tackitt and Stuart, Joyce and Dick Railsback and Sandy, Joyce Patching and Gary Barrett, Gui Fay and Walter Via and Becky and Guy Walt, Albert and Aurelia Shoenberger and their Albert, Evelyn Dowd and Barbara, Burl Southern, Stan Morrison, Karen Murdock, Mike Sims, Peggy and Doug Bell and their Randy, Danny and Wade.

THE MY OF the Methodist Church in Happy took a picnic lunch and went to the canyons on Sunday afternoon.

LAVERNA AND EUGENE Jackson, Susan and Lloyd Rahlfs, Joy and Norman Freeman attended the Jaycee Installation Banquet in Hereford last Friday evening.

JUDY AND GENE Shipman, Della and Lloyd Venhaus and Kaye and Vincent Venhaus attended the Jaycee Installation Banquet in Tulia last Friday night.

THE AMERICAN LEGION Auxiliary of Happy recently met and elected officers for the coming year. They are president, Ora Mary Sims; 1st vice president, Maurine Allison; and vice president, Gerry Holland; secretary and treasurer, LaVenna Jackson; historian, Lena Ponder; chaplain, Minnie Via; and Sergeant-at-Arms, Stone Cope. The group discussed the Citizens Awards to be presented on awards night at Happy Schools. Lena Ponder reported

on the 18th District Convention. They discussed the State Convention to be held in San Antonio in July and are planning a garage sale to be held sometime in June.

THE WAYSIDE 4-H Club held a "42" party and cake walk at the Wayside Community Center last Friday to raise funds for the state 4-H Educational Center. District 1 plans to build a dormitory there.

WAYSIDE HOMEDEMONSTRATION Club donated the cakes for the cake walk. The group served coffee and cakes and ice cream to go with the cakes. Over \$150 was raised through the cake walk and donations. Games were provided for the small children and even one chess game was in progress.

BECKY VIA HAS received a full scholarship from Ranger Junior College at Ranger, Tex. to play basketball. Congratulations, Becky!

CAROL AND ART Foster have a son, Monte Lynn, born at 7:51 p.m. on Monday, May 7, in the Swisher County Hospital. Monte Lynn weighed 8 pounds and 3/4 ounces and was 20 1/2 inches long. He has a sister, Tricia, 3 years old (or going on 3). Grandparents are Mr. and Mrs. N.F. Johnson and Mr. and Mrs. Gordon Foster. Among the great-grandparents are Mr. and Mrs. Jack Foster.

CATHY PARKER HAS been chosen to attend the Electric 4-H Camp at Cloudcroft from July 9 through 13.

MARY ANN SIMS, Sara Turey and Ora Mary Sims attended the Zeta Tau Alpha mother-daughter luncheon at the Amarillo Country Club last weekend. They then drove to Pampa to deliver the Happy Jaycee-Ette scrapbook to whoever was taking it to State Convention. Happy has several attending, but the Scrapbook judging is the week preceding the convention.

MR. AND MRS. Charles Richardson, Jim Fellers' sister and brother-in-law from Gainesville, spent the weekend with the Jim Fellers.

GAY AND JIM Fellers entertained the Young Adults Sunday School class of Church of Christ last week. Sixteen adults and three children attended. Jim teaches this class.

WILLIE BUTLER WAS one of over a hundred volunteer workers of High Plains Baptist Hospital who attended the early church service at First Baptist Church in Amarillo on Sunday morning. Brother Winifred Moore recognized the group and complimented them at this service.

ROYCE VERNON PRESENTED her pupils in a piano recital on Sunday afternoon at the First Baptist Church. Her pupils are Shann McCauley, Teri Patching, Cathy Flowers, Angela Parker, Kelly Weavers, Vicki Jones, LaRae Sims, Walter McNeill, Debbie Dietz, Shelia Miller, Warren McNeill, Nancy Woods, and Knoxie LeBeau. Punch and cookies were served to the large group who attended after the recital.

VICKIE WHITLOW WAS honored with a Pink and Blue Shower on Monday evening in Mrs. Curtis Bishop's home. Debra McDonald, Clarcy Tracy and Bernice Morris were also hostesses. Games were played, punch and cookies served and many beautiful gifts presented to Vickie. Attending and sending gifts were Mrs. R.A. Summers, Estelle Boucher, and Mary Kempf, all of Amarillo; Dorothy Magness of Dimmitt; Kim and Karen Sims, Freda Whitlow, Jan Whitlow, Halie Whitlow, Connie Cassel of Hereford; Edna Wilson, LaVenna and Debra Jackson, Kathy Mayes, Erbie Powell, Hope Wilson, Jody Lee, Alice Barnard, Ruby Morris, Debra McDonald, Sheri Henry, Anita Shoenberger, Shirley and Debra Penn, Johnny Lou Wilson, Becky Bishop and Bernice Morris.

DOROTHY MAGNESS LOOKS very well. She looks as if she was never ill. It was surely good to see Dot.

RHONDA FELLERS, KIP-PA McFarland, Debbie Magness, and DeZane Carter traveled to Austin to see the tennis finals last weekend. Kim King won state. Kim is the one who beat Rhonda out at district.

BONNIE AND RALPH Bryan were honored with a reception given by their children on their 40th wedding anniversary at the Community Center in Gladstone, New Mexico. The serving table was covered with a white cloth and centered with a bouquet of red carnations containing a "40," depicting the number of years of marriage and Bonnie and Ralph were spelled in gold on streamers. Bonnie and Ralph cut the cake (and fed each other the first piece after guests teased them into it). The cake and punch were red since the 40th year is the Ruby year. About 60 friends and family attended. Mr. and Mrs. James Bible and Miss Pearl Bryan were among the guests from this area. A buffet supper for everyone followed the reception.

THE RALPH BRYANS still farm and trade this area. They have three children. Carl and his wife, Helen, have one son, Ralph Quinn, and reside on a farm about 10 miles northeast of Happy. Carl has a daughter, Bonnie,

and a son, Kirk, by a former marriage. Helen (Bryan) and her husband, Robert Kent Bearden have two children; one son and one daughter, and reside in Fort Smith, Arkansas. Dan Bryan and his wife, Karen, have two children; one son and one daughter, and reside in Clayton, New Mexico. We wish this family many more years of happiness.

THAT HAPPY JUNIOR Rodeo is this weekend with performances Friday and Saturday at 7:30 and Sunday at 2 p.m.

See ya!
Mary Neal

Virginia Guard Signs With WT

Victor King, a slick ball-handling guard from Clarksville, Va., has signed a letter of intent to attend West Texas State University and play basketball.

The 6-3, 180-pounder will transfer to West Texas State from Truett-McConnell Junior College in Cleveland, Ga. He comes to West Texas after one year of junior college and will have three years with the Buffaloes.

King graduated from Blue-stone High School in Clarksville, where he lettered three years in basketball and two in track. He earned all-conference honors two years and was the team's Most Valuable Player both his junior and senior years.

As a junior he averaged 16 points per game. He increased his scoring mark to 24 points as a senior.

The son of Mr. and Mrs. Leroy King averaged 15.5 points per game for Truett-McConnell and was the team's playmaker as he averaged 10.9 assists per contest for a team with a 28-4 record.

The team's co-captain, King earned all-state and all-regional tournament honors. Truett-McConnell ranked 12th nationally in the final poll of the season.

"Victor is one of those players who does everything well," said Truett-McConnell coach Gerald Cox. "He thinks on the court and was our floor leader."

"He moves to the bucket on his drives and is hard to stop. He is quick and was one of our better defensive players. He's strong physically and an excellent shooter."

King hit on 46.6 per cent of his field goal attempts this past season and 65.5 per cent of his free throws. His high game was 32 points.

King plans to major in business at West Texas State. He is the third player to be signed by new West Texas State University basketball coach Ron Ekker and his staff of assistants—J.D. Barnett and Mike Mitchell.

Other new Buffalo signees are 6-2 Howard Taylor of Northwest Mississippi Junior College, the nation's seventh leading scorer this past year, and 6-3 Bob Miller of Seaford, N.Y.

George Stevens of the Canyon Evening Lions Club with bulbs to be sold this week to provide funds for Girls Town, eye examinations for needy children and other worthy projects. The door-to-door sale will begin today.

Light Bulb Sale To Begin Thursday

The Canyon Evening Lions Club will begin its Light Bulb Sale this evening, beginning in the Pioneer Estates area about 7 p.m.

According to George Stevens of the Lions, door-to-door sales will be made today, Friday and Saturday, moving throughout the city.

Each package of bulbs contains four 100-watt, two 75-watt

and two 60-watt bulbs, and sells for \$2.50.

According to club officials, about nine members will be involved in the sales campaign. Ed Cranmer is chairman of the bulb sales project.

Proceeds from the sale will go toward Girls Town, eye examinations for needy children and other worthwhile projects, Stevens said.

Former Resident Is In Training

The husband of a former Canyon woman has been stationed at the Naval Air Station at Kingsville where he is undergoing training for search and rescue missions involving downed aircraft.

Terry L. Wright, second class hospital corpsman, is the husband of the former Karen Boehning, daughter of Mr. and Mrs. Leroy Boehning of Rt. 2. He joined the Navy in 1966 and has served in Vietnam with the

Third Marines. He attended West Texas State University 1 1/2 years. The Boehnings have a daughter, Dawn, 2 1/2.

Terry L. Wright

Going somewhere? Or been? The Canyon News wants to know about it—an so do its readers.

Outstanding boy athletes named at the Canyon Junior High School All-Sports Banquet last week were Wayne Robinson for football, Ken Cooper for basketball and Lyndon Brazile for track. No individual awards were presented in girls' sports.

Records Fall To Jr. High Tracksters

The boys' track teams of Canyon Junior High School last weekend made good showings at a meet held at Perryton, setting several school records.

The 9th grade team finished second behind Perryton in its division, the 7th graders finished second, and the 8th grade finished fourth.

In 9th grade action, Perryton scored 124 points to Canyon's 121.

Edwin Dillehay finished first in the discus throw with a toss of 122-11, a school record.

David Tate, also a 7th grader, tied a school mark when he pole vaulted 8-feet, 6-inches, finishing second in the Perryton meet.

Eighth grader James Adams set a school record and took first place at Perryton with a time of 8.1 in the 60-yard high hurdles.

In the 9th grade division, Lyndon Brazile set a school record in the 220-yard dash with a time of 23.2. He finished third at Perryton.

Another 9th grade school record went to Craig Johnson when he pole vaulted 12 feet at Perryton, taking first place.

Other Perryton results were:

Seventh Grade

440-yard relay — Robert Dustman, David McKay, Edwin Dillehay and Rusty Ellis, 4th place, 52.5.

60-yard high hurdles — David McKay, 5th, 9.3 and Wade Grubb, 6th place, 9.7.

440-yard dash — Rusty Ellis, 4th place, 61.4.

880-yard relay — Robert Dustman, Rusty Ellis, David McKay and Edwin Dillehay, 3rd place, 1:50.6.

High jump — Rusty Ellis, 6th place.

Broad jump — Rusty Ellis, 4th place, 16.7.

Pole Vault — David Tate, 2nd place, 8-6 and Kyde Kendrick, 3rd place, 8-0.

Shot put — Edwin Dillehay, 4th place and Tab Keener, 5th place.

Discus — Edwin Dillehay, 1st place, 122-11.

Chinning — Mark Boehning, 4th place, 16 times; Steven Favereau, 5th place, 15 times; and Chris Dorsey, 6th place, 14 times.

Eighth Grade

440-yard relay — Rob Smith, James Adams, Ronnie Howell and Elliott Berry, 4th place, 50.5.

60-yard dash — James Adams, 1st place, 8.1 and Rob Smith, 6th place, 9.4.

440-yard run — Elliott Berry, 4th place, 60.5.

100-yard low hurdles — Rob Smith, 3rd place, 12.9.

50-yard dash — Elliott Berry, 5th place, 6.2.

High jump — Ronnie Howell, 6th place.

Pole vault — Ronnie Howell, 4th place, 9-0 and Terry Houk, 6th place, 8-6.

Shot put — Elliott Berry, 1st place, 43 feet.

Discus — Elliott Berry, 3rd place, 114 feet.

Chinning — Terry Houk, 5th.

Ninth Grade

880-yard dash — Ron Mills, 1st place, 2:12.1 and Phillip Halsted, 2nd place, 2:13.2.

120-yard high hurdles — Mark Hanson, 2nd place, 15.9 and Carl Coffelt, 6th place, 18.7.

100-yard dash — Lyndon Brazile, 1st place, 10.2; Craig Johnson, 3rd place, 10.4; and Ron Mills, 6th place, 10.8.

440-yard dash — Lyndon Brazile, 2nd place, 56.1.

330-yard low hurdles — Ron Mills, 2nd place, 45.7.

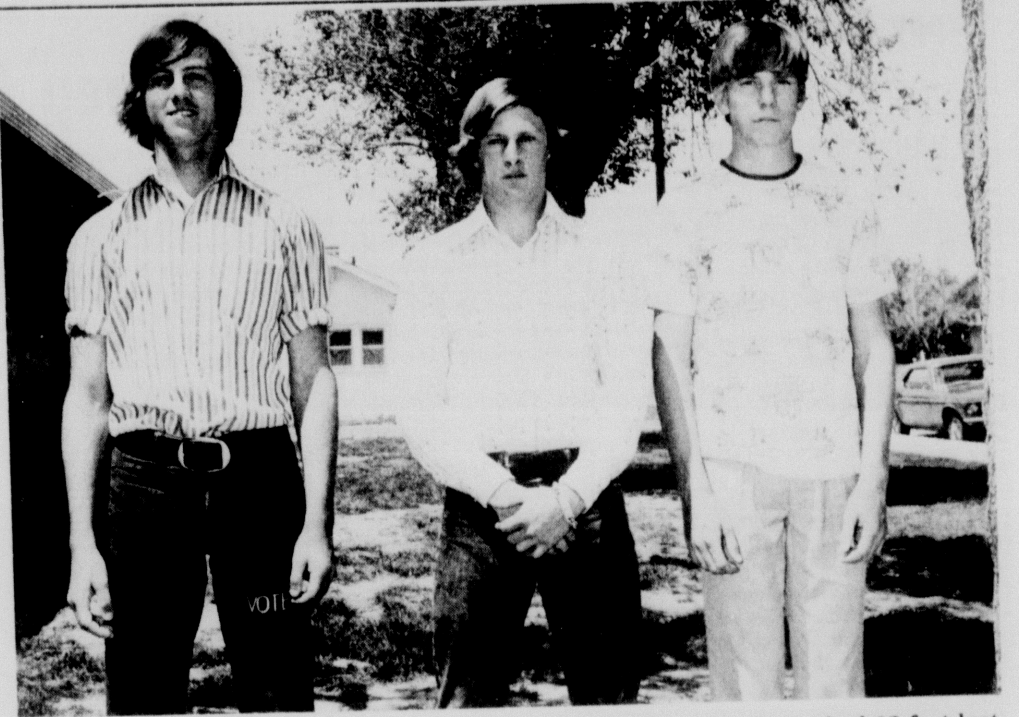

220-yard dash — Lyndon Brazile, 3rd place, 23.2; Phillip Halsted, 5th place, 24.7; and Craig Johnson, 6th place, 25.0.

Broad jump — Craig Johnson, 4th place, 18-2.

Pole vault — Craig Johnson, 1st place, 12-0, and Ron Mills, 4th place, 10-6.

Shot put — Wayne Robinson, 1st place, 48 feet; Mark Hanson, 3rd place, 45-2; and Collin Weaver, 4th place, 43-9.

Discus — Wayne Robinson, 2nd place, 158-3 and Tim Word, 4th place, 130-8.

Three athletes at Canyon Junior High School have recently set new school marks in track. Don Thompson ran the 330-yard low hurdles in 44 seconds at the district meet at Pampa; Craig Johnson pole vaulted 12 feet last weekend at Perryton; and Lyndon Brazile ran the 220-yard dash in 23.2, also at Perryton last weekend.

Mescalero Park News

Welcome To New Neighbors, The Gwyns

By TOOTIE BYBEE
HI, AND HELLO to each of you all. With all the busy garden

work going on it looks like we may have to sponsor a contest for the prettiest yard and the neat-

est garden. Noticed the Crews', Holman's, Cooper's and, of course, the Wood's yards all looked so very pretty and trimmed to perfection. Now that we have been able to move the ton of dirt out of our front yard blown in by the high winds, you can actually see my grass again. Guess spring just brings out the "green thumb" in us all.

WANT TO WELCOME our new neighbors who have gotten moved in this past week. The Gwyns, who live in the new house across from us. They have a little boy and first grader named Leslie, who is a girl. They also have many dogs as their Doberman had puppies not long ago. Get by and say welcome if you can.

WANT TO SAY sorry, sorry, to Sarah Edwards. Won't let it ever happen again, you MUST inform me of these things so I won't do the wrong thing.

MIKE WHITEHEAD ASKED me please to ask anyone who would like to give a round, fuzzy, lovable puppy a good home to come by or just call. She has five male and one female "Heinz 57" varieties of puppies. They are sweet. 622-0052.

THE THURSDAY LADIES Club turned out to be an almost come and go affair this week. Seems that no one could make it at the very same time so we came as we could and still had a good time.

THE INDIAN GUIDES will meet this Thursday at the Larry Brooks home to continue their plans for their Spring Camp-Out

and the Olympics.

THOSE CAMP FIRE Girls really had a week. They had a picnic in the park Thursday afternoon and the weather cooperated by letting the sun shine. Then at 5:30 Saturday morning Kay Tow and Leslie Bybee were rolled out of bed to attend a come-as-you-are kidnap breakfast. The mothers seemed to survive pretty well through it all and the girls were in great shape for that time of morning. One of the things served at the breakfast, among the other goodies, was a fabulous dish that I have never heard of before and wanted to pass on to you, Mrs. Jack (Caroline) Bell.

EGGS FONDUE

3 c. milk
5 eggs
Beat together and add dash salt. Cut the crust off of 8 slices of bread. Butter each slice on both sides and make 4 cheese sandwiches. Place sandwiches in baking dish and pour egg and milk mixture over all. Let set 24 hrs. in the refrigerator. Bake at 350 degrees in oven for 50-55 minutes.

WANT TO WELCOME the Jennings to our neighborhood. They have moved into the Johnson house on Mescalero. It is funny how we associate a house with people, guess it is the Jennings house now. Looked like Monday evening they were having a rip-roarin' house warming there. Welcome to you both.

HOPE THIS FINDS all the Coopers over the flu, including that spiteful Tracy! Also, the whole Whitehead bunch are back to normal after a bout with it.

WANT TO SAY how very much we will miss our dear friends, the Davises up on Western. They have sold the nursery and will be moving Thursday into Amarillo and on to retirement. They will be missed so very much by all of us and any who know them will really miss seeing them around springtime. They have sold the nursery to a couple named Roberston and they'll be needing your business. So go by and get acquainted. The Davises will be around for a couple of months anyway.

WAS GLAD TO see Susan (Ross) Trammell the other evening at Joan Gillis's party. Her baby is so pretty and growing like a weed.

HOPE MARGE MORGAN is doing all right after her recent accident. Gee, you have to have eyes in the back of your head these days to drive without getting killed. Will see you next week, I hope. — 622-1471.

Nelsons Become Parents Of Boy

Mr. and Mrs. Larry Nelson, 408 22nd St., greeted the arrival on May 6, 1973, of a new baby boy, Daniel Wayne, born at Neblett Memorial Hospital. He weighed 7 lbs. 6 ozs. and measured 20 inches in length.

The maternal grandparents are Mr. and Mrs. Virgil Patterson of Wheeler, and the paternal grandparents are Mr. and Mrs. Ted Nelson, also of Wheeler.

Daniel Wayne is the Nelsons' first child. His father is a junior major in animal science at West Texas State University.

Former Ekker Assistant Hired To Help At WTSU

J.D. Barnett, who played under and coached for Ron Ekker, has been hired as an assistant basketball coach at West Texas State University.

Ekker, the new Buffalo coach, made the announcement Monday.

Barnett comes to West Texas State from the University of Richmond, where he has been an assistant coach.

The 29-year-old Barnett was head coach for one year each at Lenoir Rhyne College at Hickory, N.C., and at High Point, N.C. College. His team at Lenoir Rhyne in 1970-71 compiled a 17-9 record. His 1971-72 High Point club had a 14-16 record.

Barnett graduated from Meadville, Mo., High School in 1962 after earning all-state honors in basketball and setting a new school scoring record. He averaged 27.9 points per game his senior year and had a high game of 43 points.

As a baseball pitcher in high school he rolled up a 22-1 record in a two-year period.

Barnett enrolled at the University of Missouri, where he played baseball and basketball for two years. He played varsity baseball and basketball at Missouri as a sophomore, but transferred to Winona, Minn., State College and graduated in 1966.

Following his graduation from Winona, Barnett signed a professional baseball contract with the Pittsburgh Pirates and played for three years.

Barnett completes the new basketball staff at West Texas State.

Members of the first grade at Gene Howe Elementary School presented "The Little Red Hen" Monday, offering two performances to the student body and one that evening to the Parent-Teacher Association.

"Little Red Hen" Plays At Gene Howe

The student body and Parent-Teacher Association were treated to the play, "The Little Red Hen," presented Monday by first grade students at Gene Howe.

The student body saw the play during two afternoon performances and the PTA saw an evening presentation.

Narrators were Debbie and Dusty Dove and the Little Red Hen was played by Mary Mack Howard and by Darla Campbell. The Duck was played by Mark Owensby, the Cat by Valerie Davis and the Turkey by Greg Coronado. Chicks were Treva Shott, Marci Weeter, Tammie O'Dell, Lori Rawls, Romona Wil-

son, Stephanie Weatherford, Todd Bufkin, Kevin Erdman and Don Spake.

The Rhythm Band was composed of Jane Aduddell, Denise Bolding, Allison Kitten, Christy McWatters, Ron Bostick, Chris Oldham, Shayne Sanders, Colby Trammell, Michelle Kramer, Laurie Bowerman, and Lori Lynn Bingham.

Chorus members were Mike Winters, Jimmie Trammell, Steve Hord, Jamie Melton, Lori Beth Thomas, Sheri Hickerson, Greg Ballard, Britt Foster, Ronda Shaw, Johnny Rowland, Jim Detten, John McCormick, Kevin Wait, Jacki Williams, Mike Swanner, Pat Sparkman,

Troy Cates and Theresa McGee. Flowers were played by Laura Cobb, Shana Taylor and Dawn Brennan.

Members of Old McDonald's Farm were Gary Glenn, Cavin Hollister, Todd Howard, Jacki Williams, Stephen Howard, Galen Cogburn, Rhonda McGee and John David Gray.

Debbie Dove, Mary Mack Howard and Chris Trammell designed the program cover and Mrs. Dave Coronado and Mrs. Tex Hickerson were in charge of stage settings.

Musical director for the production was Mrs. Margie Phillips.

City Student At Texas A&M Named Best

William Raymond Lumry, son of Col. and Mrs. Raymond H. Lumry, 505 Taylor Lane in Canyon, has been recognized as one of four outstanding graduating seniors in Texas A&M University's College of Engineering.

The mechanical engineering major, who maintained a 3.721 grade point ratio while attending TAMU, was presented a plaque by College of Engineering Dean Fred J. Benson commemorating his selection for the honor.

Lumry's scholastic honors include an Alcoa Scholarship and

Canyon Soldier Serves In Germany

Army Private Robert Brotherton Jr., whose parents live at 1600 Eighth Ave., is serving with the 3rd Infantry Division in Germany.

Pvt. Brotherton is a clerk in

listing in "Who's Who in American Colleges and Universities." He was also designated a Distinguished Student seven semesters.

He holds membership in Phi Kappa Phi, Tau Beta Pi, Phi Eta Sigma and Pi Tau Sigma, honor societies at Texas A&M. He participated in intramural tennis, handball, football, track, softball, horseshoes and ping-pong.

The ROTC student was appointed Adjutant of the First Brigade in TAMU's Corps of Cadets. He was a tech sergeant, a

member of the Ross Volunteers and was selected for the Corps Think Tank. He was also designated Outstanding Sophomore in Company L-1 of the Corps.

Campus activities include membership on the Engineers Council, delegate to SCONA XVI, Town Hall Committee, Freshman Council and Political Forum.

He holds membership in the TAMU student branch of American Society of Mechanical Engineers, Polaris Club, finance chairman of the Leadership Committee and member of the Panhandle Hometown Club.

The annual senior achievement awards go to students selected on the basis of grades, student activities and other factors by a panel of professors in the College of Engineering.

GRE Mathematics Course Planned

Numbers give you trouble and still you want to go on to graduate school?

The West Texas State University mathematics department has the answer for students fearing the math portion of the Graduate Record Examination (GRE).

Math 491-1, or basic mathematics, is the answer, says Dr. Miguel Tarrab, who will teach the Monday through Friday, 9 a.m.-noon, three week course beginning June 25.

The course is based on the Graduate Record Examination Aptitude Test, he says. The problems in the book are similar to those which appear in the quantitative portion of the GRE.

Tarrab says the course will be directed toward "giving personalizing instruction" for the

purpose of improving GRE grades.

Each problem in the workbook will be worked collectively in class "until each individual understands what is being done," he says.

Tarrab adds there will be no homework and no outside reading. The course carries three hours of advanced mathematics credit.

"Nobody is going to be graded for their mathematical ability, but rather for their class performance," he adds.

Tarrab says he sympathizes with students who need to take the course.

"One of my colleagues has to take a test in Spanish to get a doctorate in mathematics," says the Cuban-born professor, "and I am having to teach him the language."

County HD Council Plans "Touring Texas Tasting Tea"

A "Touring Texas Tasting Tea" will be given by the Randall County Home Demonstration Club Council from 11 a.m. to 1 p.m. on Monday, May 14, in the Canyon Community Center.

All women are invited to enjoy the tasting tea. Donations of \$1.00 will be asked to bolster the

CHHS Golf Team Wins District

Canyon Junior High School golf team topped by 15 strokes the scores of competing teams from eight other junior high schools to win the District title in the final nine-hole play at Dumas Country Club in Dumas Saturday.

Bryan Garner, son of Dr. and Mrs. Gary Garner, was named low-score medalist in the District competition. Others on Canyon's winning team were Bill Turner, Jerry Allen, Craig Howard, and Sandy Winn.

Teams from Pampa, Perryton, Borger, Hereford, and Dumas were in the district competition.

Council's fund for 4-H scholarships and travel expenses to the state convention.

About 80 separate dishes will be prepared by home demonstration club members for sampling, and recipes of those attending.

Texas travel brochures will be available and posters displayed to carry out the "Touring Texas" theme of the tea.

Mrs. J. G. Voelm is chairman of the tea. She is being assisted by Mrs. Joe Frank, Mrs. Bill Head, Mrs. Ken Danner and Mrs. Jerrell Moore.

News Brief

Julia Fisher, Vernon freshman, has been elected president of the Association of Women Students for 1973-74 at West Texas State University.

Amarillo freshman Vicki Summers was named vice president of the organization.

Celia Lumpkins, Happy junior, was elected secretary, and Silverton junior Marilyn Minyard program chairman.

Mrs. J.G. Voelm and Mrs. Joe Frank want everyone to attend the "Touring Texas Tasting Tea" to be given by Randall County Home Demonstration Club Council from 11

a.m. to 1 p.m. on Monday, May 14, at the Canyon Community Center. For door donations of \$1.00 each, women may sample dishes and copy off recipes.

Along the Grapevine

By Mary Alice Hines

IFEVER YOU have a need to feel old, just go to a reunion — college or high school or whatever. Steve and I went with Ken and Karen Crossland to the annual Kappa Alpha Old South Ball Saturday night. There were people there who were already out of college who had not even

been in college when we were. I wore my brain out trying to remember dates, places and names. Some one would say, "Hey, where is ole so-and-so?"

WE WOULD ALL argue that he was in Arizona or Kansas and finally admit that none of us had seen him for at least five years. We enjoyed seeing a lot of old friends, however, such as Kenton and Judy Knorpp. Judy was a Woodbridge and she and her sisters all married Canyon boys while in college. Terry married Gary McAttee and Cindy married Larry Wooten. Kenton and Judy are living in Tulsa now and have two children. John David Bryant and his wife Beverly (Brown) were here from Hereford. John David is still with the First National Bank there. Several

alums and their wives from the Canyon area were there, including Don and Debbie Tardy and Larry and Marsha Murphy.

SUANNE AND SAM Keeley have a house guest for a month-long stay. She is Mrs. Johnny O'Bryan, Suanne's mother. Suanne's father, Johnny, has gone to Algiers. He is associated with an oil company and is conducting oil surveys. Mrs. O'Bryan will join him within the month, and they will live in Spain for approximately two years. Mrs. O'Bryan has recently returned from a visit with her other daughter in California. She was a guest at the Junior Forum luncheon Tuesday.

THE CANYON JUNIOR Forum had a lovely installation luncheon Tuesday afternoon at the Yum Yum Tree Restaurant. The guest of honor was Loretta Milligan, the Junior Forum International from Pasadena, Texas. Mrs. Milligan flew in Monday and spent the night with her aunt, Flossie Johnson. The officers were installed in a ceremony conducted by Mrs. Milligan. An engraved president's gavel was presented to Harriet Brandon as a gift from the International organization.

ANOTHER SPECIAL GUEST at the luncheon was Judy Hassack. Judy is the daughter of T. S. Stevenson, Jr., and the late Mrs. Stevenson. She was the guest of Debbie Tardy. Judy is in town to be with her grandmother, Mrs. T. S. Stevenson, Sr., who is in High Plains Baptist Hospital. Accompanying Judy on the trip from Oklahoma City is her seventeen-month old son, Brad.

OTHER CANYON CITIZENS have been in the hospital in Amarillo recently. Jeanne Kuhlman was in St. An-

Canyon Dames Plan Luncheon

Canyon Dames will hold a salad luncheon and birthday party on Monday, May 14, at noon in the Episcopal University Center.

Those attending will bring a \$2 birthday gift for exchange as well as a salad dish. The gift exchange will celebrate all the members' birthdays at one time.

Hostesses will be Mrs. Diane Kasten, Mrs. Judy Boyce, and Mrs. Sharon Williams. Those wishing baby-sitting service are to call Mrs. Ann Bethel, 655-3209.

The club is open to all women who wish to become better acquainted in Canyon and surrounding area.

Demons Drop Eagles 9-7

The Canyon High School baseball Eagles, despite good relief pitching and a grand-slam homerun by Bill Moore, dropped a 9-7 game to the Dumas Demons Tuesday afternoon.

Scott Keeling started on the mound for Canyon and ran into trouble almost immediately. He was relieved in the first inning by Raby Ratliff, who also had trouble getting the Demons out. After Keeling and Ratliff had given up six first inning runs between them, Moore came in to put out the fire, holding Dumas to only three runs the rest of the way.

The Eagles played errorless ball in the field and managed to pound out nine hits. The Demons booted a pair in the field and picked up 11 basehits.

Four of the Eagle runs came in the final inning when Moore

blasted a round-tripper with three mates aboard. Just before the homerun, consecutive singles by Lynn Wright, Wayne Pitt and Ed Lair had loaded the bases with none out.

Following the four-run blow by Moore, the Eagles went down on strikes, ending the threat and the game.

Canyon hosts Levelland in another district game at home Friday afternoon. Game time at Conner Park is 4 p.m.

ZTA Invites All To Bridge Finale

Zeta Tau Alpha Alumnae will announce winners of their bridge marathon for 1972-73 at a "Bridge Marathon Finale" for all players in Canyon who wish to participate in an evening of bridge. It is scheduled for 7:30 p.m. on Thursday, May 17, in the Canyon Community Center.

Those attending are asked to come with a partner or foursome. Prizes for Finale scores will be awarded as well as Marathon

prizes of \$35 for first place in couples' and women's divisions and \$25 for second place in couples' and women's divisions.

Mrs. Georgia Blackwell is chairman of the Bridge Marathon for Zeta Tau Alpha. Proceeds of the Marathon will be given to a worthy cause.

Going somewhere? Or been? The Canyon News wants to know about it—an so do its readers.

Four members of the Happy CowBelles were in Canyon grocery stores Monday extolling the virtues of beef with a beefmobile. Pictured here are Mary Neal Henry, left, Donna Johnson, Myra Nell Culp and Skip Simons.

Wanted — Lawns to mow. 655-
4168.

Wanted — Lawn mowing job.
Call 655-2075, ask for Kent.

Wanted: Young college couple
needs furnished house to rent in
Canyon area. Call 655-9523.

Couple wants to rent small un-
furnished house. 499-2972.

Want to buy small power tools,
rototillers, lawn mowers, and etc.
655-9842.

Wanted: Someone to do house-
cleaning. Call 655-3096.

Experienced teacher wants to do
private tutoring. Help your child
do better in school. Call Mrs.
Wynn. 499-2601.

Want to buy — 3 bedroom, house
with 2 baths. Call Jean Love at
Hereford, 806-364-6786.

Silver dollars wanted. Will pay
\$2.60 each, 20¢ each for Indian
head cents. Other coins wanted.
Will pay 40% over face value for
common silver coins. 655-3006.

Tree Trimming
Yard work, painting, general
repair, summer care. Reasonable
rates. 655-4175 or 655-2066 after
5.

**WEST TEXAS STATE
UNIVERSITY**

SURPLUS PROPERTY SALE
West Texas State University
will accept sealed bids on three
surplus Security Police vehicles
(in running condition) until 2
p.m., Thursday, May 24, 1973.
Bid sheets may be secured and
items may be inspected by going
to either the Inventory and Cen-
tral Supply Office or the Office of
the Director of Physical Plant,
located in the maintenance
building, Monday through Fri-
day from 8 a.m. to 12 noon and 1
p.m. to 5 p.m. Sealed bids must in-
clude a good faith deposit of 10%
of the bid total. Bids will be
opened at 2 p.m., May 24, 1973 in
the Office of the Business
Manager in the administration
building. Awards will be made to
the high bidder with the
University reserving the right to
reject any or all bids and the
right to award the bids to serve
the best interest of the
University. Successful bidders
must make payment in full at the
Business Office before removing
items from the campus. If
payment is not made by
Thursday, May 31, 1973 the bid
will go to the next high bidder
and the 10% deposit considered
forfeited. Bids should be sealed
and clearly marked "Surplus
Property Bid" on the envelope
and may be either mailed or
delivered to the West Texas State
University Business Office, Box
807 W.T. Station, Canyon, Texas
79016.

Pursuant to Article 29e, Revised
Civil Statutes of Texas, notice
is hereby given that the Tax Board
of Equalization of the Canyon
Independent School District and the
City of Canyon, Randall
County, Texas, will hold public
hearings relating to equaliza-
tion for tax purposes of all prop-
erties situated within the tax-
ing jurisdiction of the above dis-
trict and boundaries beginning
Monday, May 21, 1973 at the
Canyon School and City Tax Of-
fice located in the Randall
County Courthouse, Canyon,
Texas. Monday, May 21st, 1973
from 9 o'clock A.M. to 12 noon
and from 1 o'clock P.M. until 4
o'clock P.M. has been set aside
for meeting with the property
owners of the Canyon Inde-
pendent School District and the
City of Canyon. All persons own-
ing property, real or personal, with-
in the above district and bound-
aries, having business before
said board, shall contact Con-
way Kuykendall, Tax Assessor-
Collector for the Canyon Inde-
pendent School District and the
City of Canyon, prior to the
above stated date for said meet-
ing.

Palisades Palaver

**Merry Makers 4-H'ers
Antique Figurines**

By MILDRED TURNER
AMONG THE YOUNG
"Merry Makers" (4-H) who are
currently making figurines up at
Ceramics are Debbie Detten,
Jana Penny, Molly Dudden-
hoffer, Cathy Webb, Sherri Seitz,
Lisa Williams, and Christy Flem-
ings. The girls have cleaned,
painted and fired once. Most of
them are ready to antique their
figurines this next session.

**ONNIE ATKERSON'S
FATHER**, Mr. Robert Atker-
son, had eye surgery Monday
and according to Onnie is doing
pretty well. Best wishes and
prayers from all of us.

ALTHOUGH ONNIE'S
AND Estelle's grand-ones are
far away, they have some tiny
guests who are staying with
them while their six-month-old
brother is in serious condition in
the hospital. They are Rhonda
Kay, seventeen-months-old, and
Lisa Diane Spencer of Plain-
view. Lisa will be four-years-old
Saturday. Onnie and Estelle are
always helping someone. We ap-
preciate them as friends and
neighbors.

HAROLD AND CAROLE
McDaniels' little son, Wade,
pulled a table over, cutting one
finger off and mashing another
badly. They rushed him to the
hospital where the doctors sewed
on the finger and bound up the
wounds, but could make no pro-
mises on how the child's hand
will turn-out. This one finger
could possibly have to be am-
putated, but we are praying with
you, that when the bandage is re-
moved this Thursday, the hand
will be alright. Wade was such
a brave little fellow, waving and
blowing kisses to the doctor and
his grandparents, the J.R.
Hornes. His little brother is
called Casey. I've known Carole
since she was a child. She was in
my Sunday School class as a
teenager (she was a nut!) so
naturally little Wade is a special
little person to me.

THE CLAY LINDSEYS and
the Gene Webbs went to Six
Flags over the weekend. Going
before school is out (to avoid the
crowd), they had to wait in line
about one and one-half hours be-
fore riding the Big Bend. The
crowd mostly left as it came a
downpour of heavy rain. They
found shelter here and there and
after the rain stopped, they really
enjoyed themselves until twelve
o'clock Saturday. Sunday was
the same type weather so they
went back for more. Advice on go-
ing to Six Flags: pick a pleasant,
slightly rainy weekend (avoiding
the crowd) and you will have a
ball!

LAURA WEBB HAD the
chicken pox (don't know a chick
who knows how it is spelled!) so

Ann Wygant, a registered nurse at Neblett Hospital, looks through a patient's chart during a typical day recently. This week is Hospital Week in Canyon and across the nation.

Neblett - 35 Years of Growth, Service

More than 35 years ago, Canyon's first hospital opened its doors with six beds.

What was begun in 1937 by Dr. R. A. Neblett has mushroomed into a hospital of 35 beds now and the beginnings of a new hospital which will have 50 beds.

Through those 35 years, Neblett Memorial Hospital has served thousands of patients primarily from Canyon and the immediate area.

Last year, for example, the hospital recorded 1416 admissions, and Administrator Ray Grimes says the admission figures have been constant for several years.

Nearly 700 of those 1400 patients came from Canyon

while 229 came from Amarillo. Today, during Hospital Week, the hospital has 45 employees or about 36 full-time employees to serve the 1400 patients annually.

And, says Grimes, that's the key to a hospital.

Neblett Hospital, he said, gives patients the opportunity to stay home.

"We feel our care is on a more personal basis and that's an advantage," he said.

Grimes is proud of the hospital's record on patient care.

The percent of nursing care given patients by registered nurses is much higher in Neblett than in other hospitals in the state and nation, he said. Forty-

five per cent of the floor nursing hours expended in Neblett are by registered nurses while the state and national average runs between 15 and 20 per cent.

"The hospital is only as good as its medical staff and its personnel," Grimes said. "You could have a fine facility but without those you have nothing."

Because of the personal attention to patients Neblett can offer, Grimes believes patients receive direct benefits.

Although he can't point to a direct cause and effect relationship, Grimes notes that the average length of stay for patients is very low compared with state and national averages.

While it may be true that the employees make the hospital, Neblett has had some rough going in recent years with accrediting agencies.

For the past two years, national accrediting organizations have consented to accredit the hospital for only a year period, primarily due to the condition of the building.

The hospital staff is still waiting word on accreditation for this year.

Meanwhile, plans have been laid and are in the mill for a new 50-bed hospital to be built in east Canyon.

Funded through revenue bonds, the \$1.6 million facility is made possible through the establishment of a taxing entity, the South Randall County Hospital District.

Board members hope bids for the new hospital can be let this month and construction can be completed in about 1 1/2 years.

The pleas of a delegation of north Randall County women were to no avail again Monday as county commissioners, for the

City To Buy Land For New Complex

The Canyon City Commission Monday night took a major step toward making a new city hall complex a reality by approving the purchase of land surrounding the present community center site.

Commissioners, who have talked land acquisition during several closed executive sessions, voted to buy four lots to the west of the community center and one building located directly south.

The purchase price for the combined parcels will be \$26,500.

Money to pay for the land will be transferred from a 1968 bond fund and from the revenue sharing fund.

The commission also set up a City Complex Development Fund which will be used toward the building of the new city hall facility. According to commissioners, the revenue sharing money will not be transferred until it is needed.

The purchase of the land was made from at least three individual parties, commissioners and City Manager George Louder said.

As planned, the city complex will house city hall offices, police and fire stations, library, and community center. Plans are now being drawn up by a Dallas and Nebraska based firm.

The commission also awarded a bid for a back-hoe and tractor to Case Power and Equipment Co., of Amarillo, in the amount of \$13,859.20. The diesel unit will have a 14-foot capacity, Louder said.

A contract to construct water and sewer lines in the Ponderosa Addition on the southeast side of the city was awarded to H.B. Jordan Co., in the amount of \$12,657.30. The work is to be completed within 90 days of the signing of the contract.

In other action, the commission approved an easement for the new McDonald's Restaurant by trading the present easement for one at the rear of the property.

Correction for errors and delinquent payment was also approved by the commission in the amount of \$2,633.34.

The second reading of the ordinance to grant Pioneer Natural Gas Co., a 14-year franchise was also read. With third reading set for the next regular meeting May 21, the ordinance will become law.

Members of the commission also voted to meet with the Canyon School Board next Tuesday night for the purpose of discussing possible tax exemptions for persons 65 years old and older.

Judge Mary Lou Robinson, right, and Mrs. Charles M. Rogers, left, were installed as honorary members of Zeta Delta Chapter of The Delta Kappa Gamma Society, a society for women educators, Saturday, May 5, in Canyon. Seen with them are initiates, l. to r.,

Mrs. Eleanor Deckard, Mrs. Peggy Walvoord, Mrs. Ella Jane Knight, Mrs. Rudy Kaye Hall, and Mrs. Patricia Hall. The installation tea was in the home of Mrs. Oscar Hinger, 1900 2nd Ave.

Judge Robinson, Others Honored

Judge Mary Lou Robinson and Mrs. Marjorie Rogers were recognized as honorary members of Zeta Delta Chapter of The Delta Kappa Gamma Society at a Founders Day Tea, Saturday, May 5. The ceremony and tea took place in the home of Mrs. Oscar Hinger, 1900 2nd Ave.

Also invited as special guests were the area coordinator, Mrs. Mary McCurry, and presidents of the other area chapters: Pi, Mrs. Violet DeWolfe; Zeta, Mrs. Mary Johnson; Zeta Zeta, Mrs. Edna Cobb; and Eta Phi, Mrs. Mary Tate. Mrs. Donna Wilson is president of the hostess chapter.

Five new initiates were honored along with the special guests. They were Mrs. Eleanor Deckard, Canyon school nurse, Miss Rubie Kay Hall, Miss Ella Jane Knight, Mrs. Peggy Walvoord, and Mrs. Pat Hall, who is from Canyon.

Sewing Classes Scheduled At CHS

A beginning sewing class for adults will be offered this summer by the Canyon High School homemaking department.

There is no charge for the class. Classes will begin June 5 and end June 21. They will be conducted from 9 a.m. to noon on Tuesdays, Wednesdays and Thursdays.

Persons interested in the classes should contact Mrs. Cathy Cameron, 655-2168; Mrs. Janet Fincher, 655-2168; or Mrs. Lanette Whitley, 655-2108.

Area Women Again Stymied By County

The pleas of a delegation of north Randall County women were to no avail again Monday as county commissioners, for the

third meeting, declined to pave their dirt road.

Represented by Mrs. Fern Patterson, the women outlined again for commissioners why they should have a paved road. The road in question is Hill Road. They seek paving on four miles of the road.

The main thrust of Mrs. Patterson's argument Monday was finances.

Temper flared as commissioners listened for the third session in a row to Mrs. Patterson's requests.

"How many cars would have to go down the road for us to qualify for paving," Mrs. Patterson asked. She based her question on commissioner statements that priorities are set on road construction according to usage.

"I couldn't answer that," said Jim Fletcher.

"When was the policy made?" Mrs. Patterson asked.

"We just formed the unit system two years ago," Fletcher said.

"The policy's not in the minutes, then. It could be broken," Mrs. Patterson said.

"There could be exceptions made," Fletcher replied.

Commissioner John Fulgenzi said the commissioners tried to pave roads when such paving would serve the majority of citizens in the county. He said his first priority for construction is 34th Street.

"But, we can't get to 34th Street," Mrs. Patterson said.

"That road is used by the county and not a select group of people," Fulgenzi said.

"Your road is just like mud roads all over the county," Fletcher said.

Mrs. Patterson charged that commissioners were using a lack of money as an excuse not to pave the road.

"I don't think it's a matter of money," she said. "You all took \$300,000 last year and bought CDs with it. When we need roads so desperately, why can't you build one for us?"

Commissioners said the \$300,000 surplus which the county has had for years and which is now invested is being saved to purchase right-of-way for the proposed 1-35 loop, to help finance a proposed county courthouse annex in South Amarillo and for other projects.

"This problem is all over the county," Mrs. Patterson said. "Couldn't just a part of this money be set aside for the farmer, period?"

Mrs. Patterson vowed she'd be back again next week to try again.

In other business, commissioners approved the purchase of a used motor grader for \$12,500. A trade-in machine will be given. Commissioners said the machine would cost \$33,000 new.

Drowning Leads To Suit

The mother of a boy who drowned in the swimming pool of an Amarillo apartment filed a \$100,000 suit against the apartment owner in 47th District Court here Monday.

Sherrie Moore, who gives her address in Potter County, filed the action against W.W. Rives, owner of the El Dorado Apartments.

She alleges her four-year-old son, Jerry Wayne Moore, drowned in the swimming pool of the apartments on Oct. 10, 1971. She and her son were residents of the apartments at the time, she states.

The plaintiff alleges that the defendant "should have known that small children would be at

tracted to said swimming pool, that said swimming pool was in no manner enclosed to prohibit small children from entering, that no lifeguard or responsible adult was employed by the Defendant to supervise the swimming area."

Mrs. Moore alleges that her young son "did not realize the risk involved."

Since the defendant failed to enclose his swimming pool or to employ a lifeguard, the plaintiff should be awarded exemplary damages of \$100,000, the suit says.

Mrs. Moore is represented in the action by Dick Dambold of Fairweather, Hale & Dambold of Amarillo.

Gene Howe News Third, Fourth, And Fifth Graders Take Field Trips

By TROYCE MULHERIN
GREETINGS:
THAT SIXTH GRADE choir concert turned out to be a doozie! Bare feet (with a big red bow on each big toe) and overalls were the dress of the day. The boys wore the overalls, the girls the skirts with white blouses. Painted-on freckles and blacked-out teeth set the mood for some toe-tappin' music. The hillbilly gals sang, the hillbilly guys sang, the hillbillys sang; and, the hillbilly band banded. They sang mostly of eating and of love, and to quote someone, "What else is there?" All done to the grinning enjoyment of the hillbilly parents, who loved every minute.

AT THE CONCLUSION of the "concert," the bestest hillbilly of them all, Mrs. Margie Phillips (music teacher), thanked those in attendance, "for your excitement, participation, cooperation, encouragement and friendship." That's some thank you, and it is returned ten-fold to Margie. She has shared her love of music with our youngsters in such a manner that they have learned to appreciate its many facets and moods. They have learned to "relate" with music in many ways other than what their record collections at home may reflect.

THANKS, MARGIE. THANK you for sharing of yourself with our youngsters in such a rewarding way. And, thank you, sixth graders, for a fun evening. You done good!

A HAPPY BIRTHDAY to Elaine Ramaekers, who celebrated same on May 6. Elaine is

the daughter of Gene Howe's Rosemary. (Rosemary is one of "those" teachers who swings on swings and plays games like red rover with the kiddoes on field trips).

SPEAKING OF FIELD trips: Gene Howe's fourth graders toured the museum in Canyon last week, getting the info on Indian lore, etc. They really enjoyed the fossils. One young lady mistook a pile of bones for her mother. Funny, funny. The group then took a look-see at the art work by students from Gene Howe and Rex Reeves which is on display at the Randall County Courthouse. A sack lunch in Connor Park followed. The youngsters (and those energetic teachers) managed to squeeze in a little time on the play equipment before returning to the ol' school work.

FIFTH GRADE STU-

DENTS also toured the museum in Canyon under the able guidance of Dr. Burton. These students have recently completed a study in science relating to rocks and stratus and so forth. So, off to Palo Duro Canyon to get a first-hand look. Understand that some of the mummies who came along (under the guise of chauffeurs) managed to make it through all the caves and up and down the hills, and some didn't. After all, there is a limit to everything, even learning about rocks, not to mention endurance. The fifth grade teachers get an "A" for effort, too.

THIRD GRADE STUDENTS have been studying about national parks. So, guess what? Off to Palo Duro, where they managed to pick up some info about weeds and rocks (these aren't their words). They also

managed to get their feeties wet. Did some hiking. Rode on the Sad Monkey train, and settled down only long enough to eat lunch at the first "waterhole."

ALL IN ALL these youngsters had a fine time. Not only that, but it's amazing what they learn on these outings. Teachers learn a lot, too. So do the chauffeurs. No need to say more.

TWAS A BOWLING party for Lynda Foster's twelfth birthday. Neither Kendra Wallis, Cheryl McNabb, Rhonda Ray, Donita Hall, Cindy Todd, nor Traci Bufkin bowled a perfect game, but they sure had fun. Lesly Foster also helped her sister enjoy the day, which happened to be May Day.

SURE WERE LOTS of cute little visitors to Gene Howe last week. The "5-7 as of Sept. 1" group (that's five years, seven months old on Sept. 1) were in our

building for Kindergarten testing. People from the Special Services Department of the Canyon School District tested the Kindergarten candidates on hearing, speech, and perceptual development. The youngsters also visited with Mrs. Deckard, the school nurse.

HAPPINESS IS YOUR first inflated innertube!

MANY HAPPIES TO Don Palmer, who celebrated his 53rd last week. Or, was it his 33rd? Or, was it his 43rd? Howse that grab you, Don? Anyway, he got a bottle of aspirin, a batch of muffins, and a hearty "Happy Birthday, Pops!" from Shane and Shonda.

A VERY IMPORTANT date for our calendars: Monday, May 14. Event is the Sixth Grade Band Concert, 7:30 at Gene Howe School. These band students have been practicing and learning notes and so forth under the

expert tutelage of Mr. King since September. So, you are guaranteed a fine evening of entertainment.

EFFIE MOORE INSTALLED the incoming officers of Amarillo Art League during a lovely luncheon at the Yum Yum Tree in Canyon last week. Our own Babe (Mrs. G.F.) Miller will be serving the League as president. Mrs. Jess Maddox, Mrs. Stanton Field, Mrs. Trenton Davis, Mrs. W.H. Utterback, and Mrs. John (Alma) Merchant were other officers installed. Effie gave a very interesting installation ceremony, using the color wheel as the basis therefor. The tables were decorated with May poles, and fresh flowers were used on the head table.

RAMONA WILSON ENJOYED a humdinger seventh birthday on the 4th. Lauri Bowerman, Shanna Taylor, Darla

Campbell, Marci Weeter, Lori Bingham, Tammy O'Dell and Sheri Hickerson helped with the game playing. Laura Cobb, Debbie Dove, Treva Shott, Jackie Williams, Laura Beth Thomas, Michelle Kramer, Dawn Brenner, Denise Bolding, Mary Mack Howard, Jane Aduddell, Julie Ellsaesser and Kim Langford also joined in on the games and cake eating.

SANTA FE, NEW Mexico, was the place; and, the name of the trip was styled Cadet Caper. Cadet Girl Scouts from the Amarillo district and from various Panhandle towns, spent several days last week visiting the capitol city. The girls toured museums, visited various pueblos, and other points of interest. They managed to get some work in toward several badges whilst having some fun, too. Anita White went along as an adult supervisor; D'Lynn Mit-chusson and Amy White went along as Cadets and to fully enjoy themselves.

ANITA MANAGED TO make it home with her cheerful disposition still intact for the lovely shower given in her honor on the 6th. Hosts and hostesses for the wedding shower were Mr. and Mrs. Sherman Harriman, Mr. and Mrs. Reece Manning, and Mr. and Mrs. C.L. Blandford. The shower was held in the Harriman home, and the refreshment table was decorated in white with crystal appointments. The groom-to-be, Duane Harp, was on hand to help with the gift-opening and happy thank you's. This fine young couple will exchange vows on May 25 at the Polk Street Methodist Church.

THERE IS ICE cream and cake for Richard Ellsaesser today in observance of his 9th birthday. Richard is the son of Mr. and Mrs. Terry Ellsaesser—many happy to you, young man.

WAS HONORED TO install the officers for Xi Gamma Phi this past week. Anita's mommie, Winona White, has served Beta Sigma Phi in many many offices, from City Council President, to city-wide Outstanding Girl, to chimney-sweep. Somehow or tother she missed the office of treasurer, and actually admitted it, out loud. So, you guessed it, she was installed as treasurer.

A HAPPY TO Shari Solbrig, daughter of Pete and Ada, who is aging rapidly, becoming fourteen years old on the 9th.

BY THE TIME you read this, yours truly will be the deposed president of the Gene Howe PTA. What does one do with a past president? Ask them kindly to sit in the back of the room with mouth shut and hands in pockets? There have been many good times, very few trying times and gobs of busy, busy hours associated with this particular office.

IT HAS BEEN an interesting and rewarding two years. I have admonished you readers many times to "take advantage." That is what I will do now—it's not often a person has the opportunity to say "thank you" in print. A simple thank you seems so inadequate to express my sincere appreciation to all in Gene Howe land for the enthusiasm and support shown their PTA unit in each and every aspect and undertaking. Two years ago your Pres reminded you that your unit would be only what its members made of it, its accomplishments would reflect only those endeavors exerted by its members. You done good, gang. We have a unit of which to be proud. Everyone has willingly given so freely of their time and talents, thus ensuring and earning the many awards and honors we have received. I will be ever grateful for the opportunity to have served you in this office. Thank you.

THANKS FOR THE use of the hall.
